GROWTH OF CITY
Glendale's population in 1910 was 2742; in 1920 was 13,356. Per cent of increase, 393. Present population, estimated, 16,500.

THE GLENDALE EVENING NEWS

BUILDING RECORD
During 1920 the total building permits issued in the City of Glendale was $3,136,664, a national record, in proportion to population.

VOL. XVI **WEATHER—Fair** GLENDALE, (LOS ANGELES POSTOFFICE), LOS ANGELES COUNTY, CAL., FRIDAY, APRIL 29, 1921 **FOURTEEN PAGES** 203

SUN SIZZLES, FIRES FLARE; PEOPLE IN PERSPIRATION

IT'S HOT, BY HECK! ANYTHING WET GOES BIG; ICEMAN IS EVERYBODY'S FRIEND

By FULL A. STEAM

One drink after another is the program of the day.

If you don't drink, you can perspire.

If you don't perspire, you're dead.

If you're dead, you don't mind

The heat.

That is the topic on every tongue.

For the hottest days in the coolest month in the history of southern California are upon us.

On good authority it is stated that more people took a bath in the last twenty-four hours than any preceding day this year.

The drug stores and soda fountains report a rushing business with the ice-cream foundries and pop plants popping left and right.

Fires Furnish More Heat

Outside of the sunshine and the hives and perspiration there have been a half dozen fires in the last twenty-four hours.

Hale Anderson, while fighting a brush fire in the Verdugo Wash which threatened the Glendale laundry plant, was overcome by the heat and rushed to the Glendale Sanitarium and Hospital yesterday afternoon in Pulliam & Kiefer's ambulance. He is a driver employed by the laundry.

George Blix, of fire station No. 1, was overcome at the same fire which did $1,000 damage to the rip rap flood control weirs.

In appreciation of the firemen's work W. E. Hewitt presented Chief A. H. Lankford with a letter of commendation and a substantial check. More than 1000 feet of hose was laid and the firemen and volunteers worked at tremendous odds in combating the flames which crept along the ditch eating up the brush which the county engineers had placed last year to control flood waters.

"We Can Wait," She Said

Seems as though it is first a flood and then a fire to provide excitement.

During the day the fire department received a half dozen calls, all because of blazing brush or weeds. A pile of rubbish caught fire at Los Feliz Road and Brand boulevard at

(Continued on Page 14)

Hundred Friends Attend Two Social Gatherings

The home of Vennell Rapp, on Cameron Place, north Glendale, was the scene of a happy occasion on Wednesday afternoon and evening when about a hundred friends were present as Mr. Rapp's guests. The affair was for a double purpose, the first being as a party in honor of Mr. and Mrs. Rapp's house guests, Misses Helen and May Zboinski, who are here for three months from Fremont, Ohio, and secondly, as an entertainment for the Silver Tea Society of the Holy Family Catholic church.

The afternoon program was composed of several beautifully rendered musical numbers and also the playing of novel and entertaining games. Mrs. M. Antomus pleased the assembled guests with a number of old-time songs, being ably accompanied at the piano by Miss Dorothea Vogel. William Curre, the well-known and finished pianist, was also on the program, rendering several wonderful selections.

In the evening Mr. and Mrs. Harry Girard entertained the guests with duets of unusual charm. After they had been encored several times they finished with that ever-popular and beautiful melody, "Perfect Day."

Light refreshments were served both in the afternoon and evening, and that the affair was a success from beginning to end was the expression of everyone who was fortunate enough in enjoying Mr. Rapp's hospitality.

Legion Meets Tonight; To Talk Show Plans

Altogether, buddies. The Legion meets tonight at the American Legion headquarters in what is familiarly known as Hurtt's hall. Every member is expected by Post Commander E. O. Kiefer for there is an initiating scheduled. Any former service men who want to join should be present for the ritual. Plans for the minstrel show to be staged next month and the dance tomorrow night will provide topics for conversation. So come.

VISITING SISTER HERE

Mrs. Jennie P. Horrell of Los Angeles is spending a few days with her sister, Mrs. Sam Dick, of 309 North Louise street.

FIGHT TO RID CITY OF GOPHERS NOW BEING URGED

PUBLIC MEETING TO BE HELD NEXT MONDAY NIGHT TO DISCUSS METHODS

Have you a gopher in your home?

Well, not exactly in your home, but under your lawn, perhaps.

Probably you have Papa Gopher, Mamma Gopher and a lot of little Baby Gophers about the place.

If so the city of Glendale, formally and officially, has decided the Gopher tribe must go.

Get th' gophers, is the slogan at the city hall as the result of action taken at the meeting of the board of city trustees last night.

Gophers are doing a lot of damage on private property and in parkways, T. W. Watson, city manager, told the trustees last night. He asked that he be given authorization to call a meeting for next Monday night at which Frank Marek, city forester, is to discuss ways and means of destroying the gophers. He was given the authority.

Suggestions Are Made

"Back up a Ford to a gopher hole and turn loose the exhaust," suggested Trustee Robinson. "Or offer 5 or 10 cents to boys who will bring dead gophers to the city hall. I did that once and rid my ranch of millions—well, hundreds of 'em, I mean."

Speaking seriously, Trustee Robinson declared he was heartily in favor of the gopher destroying campaign and made the motion giving the city manager authority to call a public meeting to hear the plans of the city forester. His motion was seconded by Trustee Lapham. The action was taken on the following communication from the city manager:

"Gophers are doing a great deal of damage in the city of Glendale, both on private property and in the destruction of parkway trees. The city forester, Frank Marek, estimates that not less than 1000 street trees were destroyed last year by gophers.

(Coninued on Page 14)

Elks' Baseball Squad Will Invade Lancaster

Big doings are being planned for the members and friends of the Glendale Elks' baseball team next Sunday when they will spend the day at Lancaster as guests of the town. The party will make the trip in automobiles, leaving the clubhouse at 9:30 and expecting to arrive in Lancaster by noon. Besides many Elks and their families the newly-organized American Legion-Elks' band will also accompany the team and do its bit toward making the day a success.

The motorists will be met at Lancaster by Jesse Fuller, after which they will be guests of a group of townsmen at a barbecue banquet. Following this a short entertainment will take place just prior to the baseball game, which will be played by the Elks and the Lancaster town team.

Those who attend the game Sunday will be insured of a good exhibition of baseball, as the local aggregation has developed into one of the fastest semi-professional squads in the county. Their 13 to 3 victory over the New Methods last week is proof of this statement. The team held a short practice late yesterday afternoon on the high school grounds.

Peter L. Ferry Gets Dayton Court Contract

Peter L. Ferry was awarded the contract for the improvement of Dayton Court at the meeting of the Board of City Trustees last night, on the following communication from T. W. Watson, city manager:

"In regard to proposals for the improvement of Dayton Court referred to us the 21st instant, we respectfully recommend the acceptance of the bid of Peter L. Ferry as being the lowest and best bid submitted. The totals of the bids received were as follows:

"Ralph E. Homan Co.	$2,228.70
"Cornwell & Hinderson	2,878.10
"Peter L. Ferry	2,838.88

"Mr. Ferry's bid being $39.26 lower than the next highest. The engineer's estimate for this work was $3,103.25."

ARMY CAMP TO BE SOLD

WASHINGTON, April 29.—The director of sales of the war department announced today that Camp Dodge, near Des Moines, Ia., is being offered for sale through sealed bids to be received by the quartermaster general until May 20.

Man With Lawnmower Anxious To Exchange For Good Tuxedo Suit

Have you a Tuxedo suit to trade for a lawnmower?

Or chickens for a gas range?

Some gentleman—a perfect thirty-six, too—is advertising in the classified columns of The Glendale Evening News today for such an exchange.

With the chickens and the Tuxedo he should be well fitted to cut a larger swath than he would with the lawnmower or the gas range.

PUBLIC INSPECTION OF PHONE PLANT EDUCATIONAL

MUCH INTEREST IS DISPLAYED BY VISITORS; PAYROLL IS LOCAL BUSINESS AID

Fred Deal, local manager of the Pacific Telephone & Telegraph company, answered 1,538,702,485 questions yesterday afternoon and last night. His assistants answered more than twice that number—estimated, of course.

It was "visiting day" at the telephone plant yesterday afternoon and last night. Manager Deal had issued an invitation to the company's patrons and the public generally to attend and hundreds inspected the building from basement to roof. Public inspection took place last November and so thoroughly interested were the visitors that Manager Deal decided to hold another visiting day yesterday.

An inspection of the local telephone plant is educational. Also it is a revelation to those who have not stopped to consider what a vast amount of detail and the care required to successfully operate a modern telephone system.

Visitors Take Solemn Vow

Incidentally, many of those who visited the plant yesterday were heard to remark they would no longer "scold" the operator if given a wrong number or for some other fancied fault in the service. An inspection of the plant impressed the visitors with the fact that the operators are especially trained for their work, that it is their desire to give perfect service, that the telephone company has no object in "hindering" its patrons and that, nine times out of ten, when a mistake is made it is the fault of the patron rather than the operator.

The Evening News, on the occasion of the inspection last November gave a description of the plant and told of the training the operators received.

Must Develop Will Power

The training of the telephone operator includes the ethics of courtesy and politeness, which means the development of will power. The operator is trained at a dummy switchboard for a month, during which time accuracy in "plugging in" is developed, before she is ready for promotion.

During the second month, while at the board, she is yet under the su-

(Continued on Page 13.)

Local Folk Participate In Mothers' Congress

The first district California Congress of Mothers' convention, which began yesterday in Garfiled hall, Walker auditorium, Los Angeles, was attended by over fifty Glendale ladies, according to roll call in the morning, and others came later in the day. It was, indeed, very gratifying to have such a splendid showing of delegates and interested members of the Glendale Parent-Teacher associations present on Glendale Day. The Madrigal club gave several splendid vocal selections which were much enjoyed and appreciated by those fortunate enough to have attended yesterday's meeting.

Richardson D. White, superintendent of Glendale City School, gave a very interesting talk on "Reading in the Home" or "Mothers' Reading," referring to the benefit derived from the reading circles. Dr. L. B. Rogers, dean of education of the University of California, southern branch, spoke on "Vocational Guidance."

The presidents of all the federations in the district presented reports, the keynote of the majority of which was "co-operation." The report for Glendale was given by Mrs. John Robert White. Mrs. A. A. Barton, financial secretary, showed in her report that this district has 11,422 paid memberships, which places it first of all the districts in the state. The election of officers is scheduled to take place at today's meeting.

LOCAL HIGH SCHOOL PUPILS TO ATTEND AT TABERNACLE

SERVICES TONIGHT WILL BE FOR STUDENTS; REV. BROWN SPEAKS TO GUARDSMEN

Friday, 6:45 P. M.—Prayer Meeting and Address by Mrs. Neth.

Friday, 7:30 P. M.—Subject, "A Religion of Enthusiasm." High school night students as guests.

Saturday, 2:30 P. M.—"The Ideal Woman," for women and girls only.

Saturday, 6:45 P. M.—Prayer and preparation meeting.

Saturday, 7:30 P. M.—A Brown Special.

Seats were reserved at the tabernacle last night for the boys of the National guard. Evangelist John E. Brown and his co-workers were pleased to have them present as guests.

Tonight will be known as high school night, when the students will be present as guests. Evangelist Brown paid a high compliment to the personnel of the student body, and congratulated the parents of the students, who were present. Instead of speaking upon the subject as advertised, "A Religion of Enthusiasm" he deferred that until this evening, and instead preached from the great invitation or promise found in the last chapter of the last book in the New Testament, "And the spirit and the bride say come; and let him that heareth say come; and let him that is athirst come; and whosoever will, let him take the water of life freely.'

"So far," said the evangelist, "my work here in Glendale has been largely a work of preparation. There is no need to crowd the work of God. I have adopted the inquiry room method after due deliberation and observation, and I am more than ever convinced of its merits. This scripture, found in Revelation, is the most sweeping promise found between the covers of the Bible to unsaved men and women. Christ is speaking through the Holy John. Throughout his life on various occasions he broadly invited men and women to accept the offered salvation and excepted none.

Holy Spirit Alone

"But in the words of my text he further emphasizes the universality of the call, so that no one can mistake the glorious truth that everyone is included. A little farther on in this chapter, as though he had special care that this invitation be not changed, he warns against adding to or taking from the words of the book of this prophecy. It has been my privilege during the many services of this work to enlarge on the mission and work of the Holy Spirit in the hearts and lives of believers. But the Holy Spirit also has a work in the hearts of the unawakened and unbelieving; and that is to convict them of sin. 'Not by might or by power, but by my spirit,' saith the Lord.' The Holy Spirit alone can convince of sin and at the same time show a savior. You will notice the text says the spiritt and the bride say come. The spirit and the church must work together—must co-oper-

(Continued on Page 13)

White Star Patrol To Hold Meeting Tonight

The White Star Patrol of the Glendale lodge of Elks are planning to have their first real "get together" tonight. It is desired to have all members of the drill team present and they have been instructed to bring either their sweetheart or wife, "or both if they have them well trained," reads the announcement. The ladies, in turn, are to bring a box of lunch with her name written on it. These will be disposed of to the members of the Patrol and the purchaser will partake of the lunch with the lady whose name appears on the box. After the lunch dancing will be in full sway in the jinx room. The members of the team, it is understood, will also be called upon to display any unusual talents, "if such they possess."

The White Star Patrol team drills every Friday night, under the able direction of Captain W. C. Wattles and it is to create a spirit of good-fellowship that this "get together" is planned. Those acquainted with some of the good times which have been pulled off by the Patrol team in the past will know what a treat is in store for this evening.

RANCH SOLD FOR $28,000

One of the recent large sales made by the realty firm of Harper & Craig, 102 East Broadway, was that of a fruit and chicken ranch at Van Nuys. The sales price was $28,000.

Today's World News In Brief

(By United Press to Glendale Evening News)

CHIEF OF POLICE OF WEST CHICAGO SHOT AND KILLED

CHICAGO, April 29.—George Rehm, chief of police of West Chicago was shot and killed by an unidentified man early today and James Schners, the chief's companion seriously wounded.

SAYS REDUCTION IN OPERATING EXPENSES NECESSARY

CHICAGO, April 29.—Twenty per cent reduction in all operating expenses, including wages, is necessary to put American railroads "on their feet" and make possible a substantial decrease in freight and passenger rates. Samuel O. Dunn, editor of the Railway Age and an adviser to the Association of Railway Executives, made this statement to the United Press today.

OWNERS AND SHIPPING BOARD HEAD IN CONFERENCE

WASHINGTON, April 29.—The conference between marine unions, ship owners and Admiral Benson, chairman of the United States shipping board, was resumed today with the seamen divided over acceptance of Benson's wage cut and working condition terms. Union leaders have not disclosed what their final answer to Benson's proposals will be, and an eleventh hour effort to make their decision unanimous is being attempted.

STATE SUPREME COURT UPHOLDS LEAGUE CONVICTIONS

ST. PAUL, April 29.—The state supreme court today upheld the Jackson county court in the conviction of A. C. Townley, president and Joseph Gilbert, former organizer of the National Non-Partisan league. They were charged with conspiracy to discourage enlistments during the war, found guilty and sentenced to serve ninety days each in the county jail. The case was appealed. Meantime Gilbert was convicted on another charge in Goodhue county and is serving a sentence in the Red Wing jail. Townley's case probably will be appealed.

400 PASSENGERS IMPERILED WHEN SHIP GOES ASHORE

BOSTON, April 29.—Four hundred passengers were imperiled today when the steamer Marmuraco, bound from the Azores to New Bedford, ran ashore on the southwest tip of Block Island, according to a wireless message received here. There was a heavy sea running and the position of the steamer was obscured by a dense fog which shrouded the New England coast. The coast guard cutters Acushnet and Androscoggin were sent to the rescue. According to the wireless message the steamer's forward hold was full of water.

KING GEORGE AND OTHER NOTABLES WITNESS BIG RACE

NEW MARKET, England, April 29.—W. F. Raphael's Bettina today won the 1000 guineas race here. W. C. Lark's Petrea and Lord Astor's Pompadour finished second and third. Twenty-four horses ran. Despite restriction on special trains, the attendance was large. King George and other notables witnessed the race from the stands. In the feature 2000 guineas races, Viscount Astor's Craigaran was first. J. Watson's Lomonora was second and the favorite, J. B. Joel's Humorist, was third. Twenty-six horses started.

HIGHER PRICES AT OPENING NEW YORK STOCK MARKET

NEW YORK, April 29.—The excellent federal reserve bank statement for both the local district and the system as a whole, made for higher prices at the stock market opening here today. Even Mexican Petroleum, which was under heavy pressure throughout the Thursday session was up ¼ at 149¾. While the first sale of Studebaker at 91½ was up ¼, the stock appeared heavy in consequent dealings, reacting nearly a point. The equipment stocks were decidedly firm. American Woolen made a new high shortly after the opening above 80.

SECRETARY HUGHES SENDS ANOTHER NOTE TO PANAMA

WASHINGTON, April 29.—Secretary of State Hughes has sent another note to Panama on that country's refusal to accept the award of Chief Justice White on the boundary dispute with Costa Rica, it was learned today at the state department. In view of the repeated refusals of Panama to accept the White award, the latest note from Hughes may be in the nature of a final ultimatum to bring Panama to terms, it was believed. The present Hughes note is understood to state finally the unequivocal attitude of the United States that Panama must accept the White decision and this government stands back of the award with all necessary force.

FRENCH INVASION OF RUHR MAY BE DELAYED 2 WEEKS

LONDON, April 29.—Regardless of allied action of Germany's reparations proposal an invasion of the Ruhr probably will be delayed until May 15, it was learned here today. France is prepared for the invasion, ready to act alone if the allies will give only their moral support, but is expected to await a decision by the supreme council which meets tomorrow. Premier Briand, who was due here today for the council session, left his ministers prepared to act on any word from him. American thought was expected to dominate the supreme council. It was believed that the Harding administration might make recommendations in regard to the German offer which would determine the council's final action.

Postal Committee To Meet On Monday Night

The postoffice committee of the Chamber of Commerce, which is considering ways and means of obtaining an independent office for Glendale, will meet at Dr. Henry R. Harrower's laboratory office over the avenue branch of the Los Angeles Trust & Savings bank on Monday night. The advertising committee will meet at the Chamber headquarters, 115 West Broadway. Both meetings will convene at 7:30 o'clock.

ENTERTAIN MISS WHITE

Mr. and Mrs. G. G. Neil of 360 West Colorado entertained as their guest recently Miss Kate White of Los Angeles.

School Bond Election Called For May 24th

At a meeting of the board of trustees of the Glendale Grammar school district last night a call was issued for a bond election to be held on Tuesday, May 24. The issue will be for $199,000 and a statement will be issued later which will explain what money will be used for.

ST. MARK'S GUILD MEETS

The regular all-day meeting of St. Mark's Guild was held in the social hall of the church yesterday, under the direction of Mrs. Mortimer Baker. Practically the entire day was spent in needlework for the bazaar which is to be given in June by the church societies of St. Mark's.

MISS EDNA REASER CHURCH BRIDE OF C. C. M'CLINTOCK

CEREMONY IS FOLLOWED BY LARGE RECEPTION; COUPLE HAVE NEW BUNGALOW

A very simple but beautiful wedding took place at the Seventh-day Adventist church last night when Miss Edna Reaser, daughter of Rev. and Mrs. G. W. Reaser of 1010 East Wilson avenue became the bride of C. C. McClintock. The church was decorated with large jardinieres filled with white carnations, potted ferns and asparagus ferns, with floor lamps at either side of the rostrum.

Preceding Lohengrin's "Wedding March," played by Mrs. Anna Simpson Grant, several beautiful vocal solos were rendered by Mrs. Reta King Nelson.

The little flower girl, Marcella Nelson, daughter of Mrs. Reta King Nelson, dressed in pink organdie and carrying a basket of Cecil Brunner roses was followed by the bride-elect, who entered on the arm of her father. She wore a beautiful silk gown of white silk canton crepe with pleated overskirt and trimmings of pin tucked georgette, filet lace and white silk embroidery. The wedding veil was caught with the customary orange blossoms. The shower bouquet was of white bride's roses and maidenhair fern.

Reception Follows Ceremony

The bride-elect was attended by Miss Jenkins of Santa Monica, who was gowned in turquoise blue satin and white georgette and carried a bouquet of deep pink sweet peas.

The bridal party was met at the altar by Rev. E. L. Neff, who performed the ceremony, the bridegroom, C. C. McClintock, and the best man, Earl Rombeau. After the ceremony the party marched out to the strains of Mendelssohn's "Wedding March," played by Mrs. Reta King Nelson, and went immediately to the home of the bride, 1010 East Wilson avenue, where a reception was held and the young couple received the congratulations of their friends.

The house was decorated with pink Cecil Brunner roses and asparagus fern. The mother of the bride, Mrs. G. W. Reaser, who was gowned in pearl gray silk, assisted in serving refreshments. The bride's cake, decorated with wedding bells, orange blossoms and roses, was cut by the bride.

Guests Are Entertained

The 100 guests who attended the reception were entertained by vocal selections rendered by Dr. Henry Harrower and also by Mrs. Reta King Nelson and piano selections by Mrs. Anna Simpson Grant. Snapshot pictures were taken of the young couple. A most beautiful array of gifts were presented Mr. and Mrs. McClintock by their many friends.

After a short honeymoon Mr. and Mrs. McClintock will be at home in their new bungalow which is just being completed on East California avenue. Mrs. McClintock has been a bible teacher for several years, giving private instructions both to students in Los Angeles and in the beach cities. Mr. McClintock has been in business in Glendale for several years.

The wedding date had been set for yesterday so that Mrs. B. R. Owen, sister of the bride, and her two children, who have been in China for the past six years, could be present.

Mrs. Fred Doebrich Is Hostess At Luncheon

Mrs. Fred Doebrich of 321 Ethel street, assisted by Mrs. Hyne, entertained Wednesday in honor of Mrs. A. Weger of 332 Ethel street. The color scheme was carried out in pink and white, Cecil Brunner roses also being used in the beautiful decorations.

At the 1 o'clock luncheon there were place cards for Mrs. Weger, the guest of honor, Mrs. Jacob Hartman of Hollywood, Mrs. Charles Vogel, Mrs. Val Krenzer and little son, Mrs. Ivan Goodrich and son, Mrs. T. P. Evans and son, Mrs. A. Holcomb and son, Miss Grace McComb and the hostesses, Mrs. Doebrich and Mrs. Hyne. The afternoon passed pleasantly with music and conversation. Mrs. Weger was the recipient of a number of beautiful gifts.

MONTH'S VISIT TO NORTH

Mr. and Mrs. William Hyatt of 552 West Broadway will leave tomorrow afternoon on a month's visit to Woodland, San Francisco and other northern cities. Mr. Hyatt is one of the pioneer residents of Glendale. Both he and his wife are looking forward to their northern trip with considerable pleasure.

HAVE YOU HEARD OF THE SHALLOW OIL FIELDS AT CONEJO NEAR CAMARILLO VENTURA COUNTY?

Over 40 wells producing commercial oil at a depth of from 62 to 200 feet.

Shallow wells are easily drilled at a small cost anywhere—from $700 to $1200 each.

The average production from these wells is around 30 barrels a day.

You would like to make money in the oil business.

Here is your opportunity to secure an interest in a 36-acre oil lease at Conejo, the oil it produces and the profits obtained from production.

Your money is deposited in the bank and cannot be used until a commercial well has been drilled and is producing ten barrels or over per day.

You are therefore guaranteed a commercial well or your money refunded in 60 days without interest.

Let me furnish you the facts today for these interests are being taken up rapidly.

No obligation on your part. Let us hear from you by mail or phone.

H. L. MILLER COMPANY

Glendale Realty Co.
131 South Brand Glendale 44

FOR SALE — NORTH BRAND; just north of Milford, east frontage, size 55x160. I have listed for quick sale a most desirable lot with unusual profit possibilities. See

Chas. B. Guthrie
103½ South Brand Boulevard

FOR SALE—The nicest new five room house in Glendale for the money; 3 bedrooms, sleeping porch, and bathroom, hall in center; attachments for gas and electricity in baseboard, water heater, meters in ready for use; on Myrtle street. Price only $3750. See owner, F. Kelly, 118 South Brand. Phone Glendale 1030 or 1529.

WHY PAY RENT?

Whey you can buy with $750 cash payment, a strictly modern up to the minute new 4 room home on paved street for $3900? Oak floors throughout, floor furnace, breakfast nook and everything; garage.

Another good one is a five room home now under construction that $750 cash will handle; strictly modern, with garage.

If you would rather have a furnished home we can sell you one that has 5 rooms, a nice home with lots of fruit, electric washer, large Victrola and everything that goes with a completely furnished home; owner is leaving and will lose money at $5500, but he says to let it go at that.

We have some fine buys in vacant lots; one on North Kenwood at $1600; another between Brand and Central on Burchett, 50x186, for $1800. Another good one on Oak street at $850.

Parr or Davis
112 South Brand Glendale 983-R

ARKANSAS OIL PROPERTY FOR EXCHANGE

Arkansas oil prospect, for California home. Drew county, Arkansas, is on fire with oil excitement. One year ago El Dorado, 40 miles away, had no better oil prospects than Drew county. Today El Dorado has 30 producing wells. The same people who put El Dorado on the oil map have secured a lease on Section 26-12-8 of Drew county, and have contracted to put down three wells. They now have derrick up for one well and two others to follow at once. Advertiser owns 160 acres in adjoining section, i.e., 23-12-8, who desires to exchange 40 acres of same for a residence worth $12,000. This land is practically level farming land. Have had several offers to lease. This is a hundred to one bet. Address COTTON PLANTER, 349 West Colorado Boulevard, Glendale, Cal.

Matinee, 3 p. m. Evening, 8

Locals And Personals

Mr. and Mrs. John Fanset, Charles Talbot and Mr. and Mrs. R. D. Angelica are members of a theatre party which will hear Al Jolson tonight.

Mrs. Blake Franklin of 398 West Wilson avenue, entertained several friends at her home on Thursday evening.

Miss Ruth Green of Bakersfield was a visitor at the home of Mrs. George F. Staub, 324 Hawthorne street, Wednesday.

J. A. Lundy of 4632 Hollywood boulevard was a caller at the Chamber of Commerce yesterday seeking a location for a cement block manufactory.

Mr. and Mrs. J. A. Legge of 951 North Louise street entertained as their dinner guests Wednesday evening Earl Lusby and Earl Langley, both of Los Angeles.

Mr. and Mrs. C. E. Wetmore of Long Beach were guests Wednesday at W. S. Perrin home, 304 North Orange street. They are contemplating moving to Glendale.

The Monarch Auto Supply company have added to their service force Harold Myers, an experienced vulcanizer, who undoubtedly will better the Monarch's service in the tire line.

H. L. Miller, of the H. L. Miller company, 109 South Brand boulevard, accompanied by John Judd, will motor to Lindsay on a business trip which will take the balance of the week.

Miss Annie M. Chase, cashier at the Pacific Telephone & Telegraph offices here who resides at 1471 East California avenue, is enjoying a two-months' leave of absence in her old home at Spofford, N. H.

S. D. Smart of 701 Raleigh street, who is associated with Lusby & Campbell's real estate office at San Fernando and Brand boulevards, returned from a business trip to Sacramento on Tuesday night.

Miss Helen Winkler, day chief operator, Miss Lura Cross, evening chief, and Dru Nicoles, wire chief, attended a conference of Pacific Telephone & Telegraph company employes in Los Angeles yesterday.

Marion Maxwell, seven-year-old daughter of Mr. and Mrs. A. J. Maxwell of 400 West Stocker street, who has been quite seriously ill with ear trouble for the past week, is much improved and is now able to be up.

Fred Deal, manager of the Glendale telephone exchange, which cares for all of the territory between Verdugo Road, Los Angeles, and the Kern county line, was a business visitor in Palmdale and Newhall Tuesday.

Robert Dewar, who has been visiting with his parents and friends of this city for the past few weeks, expects to return to Arizona within the next few days. Dewar is one of several Glendale young men who have taken out homesteads near Phoenix, and it is there that he will remain throughout the summer.

Auto And Truck Are Needed For City Use

On motion of Trustee Henry, seconded by Trustee Robinson, the Board of City Trustees last night, because of the increase in business in the building inspector's department and the street department, authorized the calling for bids on one two-passenger automobile and one one-ton truck, the action being taken on the following communication from T. W. Watson, city manager:

"Owing to the increase in business in the division of building inspection it will be necessary to provide an additional automobile for that work. There is needed also an additional one-ton truck in the street department. It requires the entire time of one truck and street repair crew in replacing pavement on account of water and gas service installations. This leaves no truck available for general street repair work.

"We would therefore respectfully recommend that the city clerk be authorized to advertise for proposals to furnish the city of Glendale one two-passenger automobile and one one-ton truck. Bids to be received up to 8 p. m. Thursday, May 12, 1921."

SWEET FORGIVENESS

"Dear, I'm sorry we quarreled this morning. Will you forgive me?"

"Where are you telephoning from?"

"A jewelry store."

"Yes, I forgive you."

Locals And Personals

Edmond Kearn, with his wife and baby, Francis, have recently made their home in Glendale, having purchased the property at 925 North Louise street. Mr. Kearn is the son of ex-Senator Kearn of Utah, his home having been in Salt Lake City.

Mrs. L. N. Hagood and Mrs. Charles L. Marlenee are the delegates who will represent the music section of the Tuesday Afternoon club at the California Federation of Music clubs convention which begins in Los Angeles Monday of next week.

The R. T. W. class of the First Baptist church will hold its regular monthly meeting at the home of Mrs. Emma Sudlow, 202 East Garfield avenue, next Tuesday afternoon. The meeting will be in charge of Mrs. Roy Kent and the topic for the afternoon will be "Missions."

Mrs. O. S. Palmer of 1008 East Colorado boulevard, is entertaining at her home her cousin, Mrs. William Brown and daughter, Miss Molly Brown, of Hendrixson, Missouri. Mrs. Brown and her daughter arrived this morning and will remain in Glendale about two weeks.

Mrs. Ellis Silsbee and her three sons, Howard, Ernest and Raymond, former residents of North Glendale and now of 216 North Central avenue, Eagle Rock, were afternoon and dinner guests Wednesday of Mrs. Emma Loud, of 918 North Louise street, this city. Mrs. Silsbee was a former neighbor of Mrs. Loud, living at 928 North Louise.

A splendid meeting of Mary Jane Gillette Tent, Daughters of Veterans, was held Tuesday night in the I. O. O. F. hall, Mrs. Cora Jones in the chair. At this time it was decided that the Nimble Finger Club will meet Tuesday night, May 3, at the home of Mrs. Winona Crawford, 800 South Central avenue. The entire evening will be taken up with sewing for the Red Cross drive.

D. G. Cornalino has been granted permission by the city authorities to install and maintain a filling station at 1051 North San Fernando road. The location is at the intersection of Grand View avenue and San Fernando road and on the south side of Patterson avenue as proposed by the present opening and widening proceedings.

Mr. and Mrs. H. H. Chapman of 1213 North Brand boulevard entertained Mrs. Winifred Bonfils of San Francisco several days this week. Mrs. Bonfils, whose pen name is Winifred Black, is a nationally famous editorial writer. This is her third visit in the last two years to the home of Mr. and Mrs. Chapman, and this time, as never before, Mrs. Bonfils was impressed by the growth and prosperity of Glendale.

Ernest E. Steffens of 915 East Lomita avenue yesterday moved, with his wife and family to their former home in Anaheim. His daughter, Elsa, who is a senior in the local high school and who will graduate in June, will remain in Glendale with friends until school is dismissed for the summer. The house has been sold to Mr. and Mrs. A. R. Coberman, until recently of Pittsburg, Pennsylvania, and is already being occupied by them.

C. H. Thompson and John P. Strain of 348 and 340 West Milford street, respectively, with their families and a few friends recently enjoyed an all day picnic in the picturesque Santa Ana canyon and the Orange County Park. The trip was made by automobile and was enjoyed beside the families already mentioned, by Mr. and Mrs. L. B. Goddard and J. N. Goddard of Long Beach, and Miss Helen Jackson of Los Angeles. The Goddards are former residents of Glendale.

The Tenth Annual Convention of the California Congress of Mothers and Parent-Teachers' association convened in Los Angeles at Walker's auditorium on Thursday and Friday, April 28 and 29. Broadway P.-T. A. was represented by the following: Mesdames Phillips, Head, Van Wie, Homer, Aicholtz, Godfrey, Jepson, Johansen, Farent, Wilkinson, Kane and Griffith. Mrs. W. A. Kulp, district membership chairman of the First District, reported 11,494 paid members, second in membership. This news was greeted with much applause from Glendale delegation. Much credit is due Mrs. Kulp for her tireless work. She formerly acted as president of Broadway P.-T. A.

Sebastian's Grocery Has Soda Fountain

Sebastian's grocery at 145 North Glendale avenue has just completed the enlarging of the store so that it now occupies the entire corner of one of Glendale's landmarks. In the new quarters is to be found a soda fountain which was installed just in time to meet this present hot spell and R. M. Sebastian reports a rushing business in the soft drink line.

Jernigan Brothers In Plumbing Trade Here

Jernigan Brothers, who have recently opened a plumbing establishment at 102 South Maryland avenue, are recent arrivals in Glendale, coming here from St. Paul, Minn. They are skilled artisans who selected this city as the most prosperous and with the greatest possibilities in their line. Like the great majority of newcomers, H. H. Jernigan has subscribed for The Glendale Evening News.

'District School' To Be Teachers' Play

"District School" of the days before the civil war will be presented by the Glendale City Teachers' club on June 4, afternoon and evening at the Glendale Union High School auditorium. Fannie Yantis Stockbridge will direct the performance while Mrs. Annie L. Curtiss is in charge of arrangements. About half of the teachers in the city schools will take part in the production, while the other half will attend to the business details.

$100,000 FOR LA RAMADA

One hundred thousand dollars is the approximate price paid for La Ramada and Casa Verdugo properties reported purchased by the Baldwin sisters from the Pacific Electric Railway and Maier Brewing company, according to a statement appearing in The Los Angeles Evening Herald tonight. It is authentically stated that five years ago a cash offer of $150,000 was refused by the same interests.

Nine women are members of the Danish parliament.

Speeder Hits Car And Then Gets Real Angry

A speeder, whose name was not obtained, struck a motorcar driven by W. E. Allen of 4803 Boyle avenue, Los Angeles, at the corner of Windsor Road and Central avenue.

Allen reported to the police that he didn't mind the damage so much as the fact that the stranger got out of the car, told him to go to a warm resort and then drove away.

The police has his number.

Milford Street Card Club Holds Session

Members of the Milford Street Card club were entertained yesterday at the home of Mrs. J. H. Southard, 341 West Doran street. Decorations of roses were used. High score for the afternoon was made by Mrs. R. Vinton of Los Angeles. The hostess served delicious refreshments of ices, sherbets and cakes at the close of the afternoon.

Guests present included Mrs. H. A. McPherson, Mrs. R. A. Vinton, Mrs. C. H. Thompson, Mrs. Brummel, Mrs. W. N. Rathbun, Mrs. H. G. Hosford, Mrs. H. B. Fletcher, Mrs. Reed Heustis, Mrs. Eustace Young, Mrs. Strain, Mrs. C. H. Pendleton and the hostess, Mrs. Southard.

NOTICE OF HEARING PROTESTS AGAINST WIDENING OF BRAND BOULEVARD.

Notice is hereby given that protests have been filed with the undersigned City Clerk of the City of Glendale against the widening of Brand Boulevard on the easterly side from San Fernando Road to a point approximately eighty (80) feet north of Forest Avenue, in the manner contemplated by Ordinance of Intention No. 432 passed by the Board of Trustees of the City of Glendale, March 17, 1921, and that said Board of Trustees has fixed Thursday, May 12, 1921, at 8 o'clock p. m. as the time for hearing said protests. Given by order of said Board of Trustees made this 28th day of April, 1921.

J. C. SHERER,
City Clerk of the
City of Glendale.

Campaign On Weeds Is Ordered By City

Weeds and grass on vacant lots throughout the city must go, according to the action taken by the Board of City Trustees last night, on motion of Trustee Henry, on the following communication from T. W. Watson, city manager:

"There is an especially large growth this season of weeds and grass on the vacant lots and it would be advisable to start the lot cleaning campaign without delay.

"I would therefore recommend that the street superintendent be authorized to present to your board legal description of lots from which weeds and rank growth should be removed so that action by your board may be taken under the provisions of Ordinance No. 390 ordering the removal of all weeds and rank growth therefrom."

When things go wrong and you're "all at sea," don't rock the boat if you wouldn't be drowned.

If familiarity with the right kind of man breeds contempt it is you that is contemptible.

HELL-LOW, CENTRAL! GIMME NUMBER :$';'&-?!

LINE BUSY? WELL, WHAT OTHER GOOD NUMBER HAVE YOU? HEY? POLICE STATION!

Hearing others as you are heard. That was the pleasure visitors at the Pacific Telephone & Telegraph company plant had yesterday.

Indeed, it was most enjoyable to stand back of one of the many operators and hear her say:

"Number, please?"

"Eight, eight, eight R, M, J or W."

"Line's busy," or

"I'll ring them again," or

"No one answers."

Every once in a while a broad smile would pass over the "listeners'" face as he or she would hear something like this.

"Say, central, I lost my number, but she lives in Watts."

Or someone else would be heard saying:

"Wasamalla? Me no kotchem Chollie's laundlee?"

Look in Locker Room

Snooping around the beautiful building there are a lot of interesting places. One is the operators' locker room.

There one has the opportunity of inspecting a fine array of women's cloaks and other wearing apparel. On a rack that looked like a shoe store full of "spoons" a variety of headsets were to be found.

In the rest room with its delightful appointments, also a telephone for more appointments, a victrola with the latest music, a stand with several magazines, minus the Police Gazette, gives the girls an opportunity for recreation. One corner is occupied by a kitchenette.

But when the visitors reached the kitchen they found everything had been "ette."

Fred Deal Said This

"Seems to me I saw something funny in here," said one visitor.

"She just stepped out," replied Fred Deal, the jovial manager, who was equal to all occasions in greeting the hundreds of guests who availed themselves the opportunity of seeing the plant.

'Juice' in Basement

Down in the basement, which is as clean as a parlor, one found the "home brew" outfit. There it is that the emergency storage batteries are located which will run the local central for forty-eight hours if the power fails.

And then an auxiliary gas engine is ready for use to provide the "juice" if the necessity arises. Smaller batteries are used for miscellaneous signalling devices.

All Twisted Up

The deep, dark mystery of the telephone system comes to light in the basement, too. There the seven underground cables with more than 600 pair of wires go up to the second floor. And it is on the second floor where the complex machinery is located.

A maze of wires to be found there is amazing. To have Dru Nicoles, wire chief describe the idea in detail is more so. In fact, it would take columns to reveal the way each wire is disentangled and gets to its right place on the switchboard.

Dual equipment is a feature of the local plant which provides against almost any contingency. For instance, there are both electric and gas lights, both electric and gas power, two separate sets of switches, so that it matters little what goes wrong, service may be maintained.

Every One Pretty

It is up in the operating room on the third floor where the real "fun" prevails, however. There each of the girls has the whole town at her finger tips. More about this phase of the work is to be found in another column, but suffice to say the "chief" is a very competent looking person and "information" is pretty and all of the girls are good natured, even in warm weather.

Which is saying a lot in a few words.

Look at th' Moon!

Oh, yes, there's a roof garden.

One geranium is to be found blooming there in daytime.

And at night one candle is all of the light provided.

But what's a roof garden when the one or two men about the plant on these pleasant evenings are too busy to be among those present in the moonlight?

Ha! Here's Secret

The secret of the office, however, was explained in leaving the building. That is, how the girls get in at night, for always the door is locked.

There is a little phone box on the right hand side, opened by a key which each operator carries. She calls the "chief" who presses a button on the third floor that automatically unlocks the door.

Sounds as spooky as the secret service, doesn't it?

NEW WAREHOUSE OF SAWYER BROTHERS IS OPERATING

BUSINESS LOCATED ON NORTH SAN FERNANDO ROAD; FINE STRUCTURE IS ERECTED

W. W. and C. C. Sawyer, who are operating under the firm name of Sawyer Brothers company, yesterday opened their new feed, fuel and grain warehouse at 512-514 North San Fernando Road for the patronage of the public. Already trade had started, but today the stocks are complete and the firm is ready to make deliveries.

The Sawyers are widely known as business men in this vicinity and in their new location they have established one of the leading mercantile establishments in Glendale's rapidly developing industrial section along the San Fernando Road and Southern Pacific right-of-way. Their location attracts all of the motor traffic going into the San Fernando valley by way of Burbank.

The building, which has been built on the Sawyers' own property, is a cement block construction and is most imposing. It has close to 5400 feet of floor space for the storage of hay, sacked grain and feed and fuel. Later this firm intends to handle produce and poultry supplies.

Add $500 to $1000 to the Value of Your Property

—And many years to its life by having your home painted.

—Many a lucrative sale of residence property is lost through the carelessness of the owner in not having the house and garage looking spic and span by being well painted, when the painting would have paid for itself four times over.

—For years the Glendale Hardware Co. has been Glendale's reliable headquarters for paints and oils.

—At no other place will you find a larger range of colors or a greater variety of paints for both outside and inside use. We guarantee the quality and our experience and knowledge of paints is at your command.

Look To Harding To Revive Social Life

WASHINGTON — Brilliant uniforms and evening dress, comparatively little used here during the Woodrow Wilson regime, are being slicked up in anticipation of the resumption of the colorful social whirl under the present administration.

Official Washington has passed through eight lean social years and is hungry.

The absence of the gayety that characterized past administrations was attributed to the war, Wilson's illness and the Wilson personality. White House functions were comparatively few in number during the first four Wilson years and they were rare events indeed during the last four years. The aloofness of the White House was reflected to a certain extent by the various foreign legations, which maintained a measure of gayety until the war split the colony into two groups.

Signing of the peace pact by the various European governments involved in the war revived the social life of the embassies, but the indifferent attitude of the White House, always regarded as the social leader, served as a check to a return of the pre-Wilson splendor.

Unusually brilliant social functions characterized the Roosevelt administration, when state dinners in the White House and dances by the younger set stimulated the social life of the embassies. Under the warming influence of the White House and the sprightly Roosevelt children, gay functions crowded the evenings at the embassies, where representatives of all nations, resplendent in gorgeous uniforms, fairly bristling with medals and other decorations, gave an air of brilliancy to the events.

The Hardings have hardly inhabited the White House long enough to make their way about the numerous rooms and corridors without the aid of guides, but the impression has been received by the socially famished that a return to the old days is in prospect.

White House functions have more than a social significance. They are regarded by the initiate as a barometer of pending events. The invitation lists are closely scanned for clues to coming national and international coups for certain groupings of cabinet members, senators, congressmen and ambassadors may forecast important developments.

Resumption of dances and dinners at the White House is being watched with keen interest aside from the political and social phases. Will the shimmy, the toddle and other "advanced" dances of the past few years be permitted in the Presidential residence? Or will the president, through the master of ceremonies, ban the shoulder-shaking, heel-clicking, and floor-tapping dances and decree a return to the very proper and stately dances of the past decade?

POTENT STUFF

"How about the bootleg goods in this town?" asked the stranger.

"In what particular?" said the old inhabitant.

"Is it potent?"

"'Potent' is the word. A gentleman of my acquaintance stepped out of a theatre one night during an intermission and purchased a few drinks in a nearby alley. Then he returned to the theatre."

"Well, what is so remarkable about that?"

"He didn't know, until the doorkeeper kindly told him, that it was the next night."

Physical System May Spread Through State

ALAMEDA—It is probable that the system of physical training and education now in effect in the Alameda schools may be adopted by the state department and applied throughout the state, according to George Hjelte, assistant state superintendent of physical training, who has just finished a survey of the Alameda system.

The Alameda system of physical training outranks any system to be found in the state, according to Hjelte, and its adoption by the state superintendent is likely, following Hjelte's report which will be filed in Sacramento early next week.

The system of physical training in the Alameda schools was adopted during the war and was patterned after methods used by draft boards to determine the fitness of recruits.

SCHOOL CHILDREN UNDERFED

Investigations in rural and village schools of eight counties in Ohio disclosed the fact that one-fifth of the pupils of schools visited by inspectors were undernourished. In six large cities one-sixth of the pupils were suffering from malnutrition. It is not claimed that many of the children classed as underfed do not receive enough food, but the things they eat are not what is needed for the proper development of their bodies. Few persons are familiar with the values of foods, and the body-building elements are lacking, even though the bulk of the food may be large enough.

Children in many homes are permitted to eat the things that appeal to their appetites, and the result is that they eat the things that are deficient in the elements necessary for a growing body. The blood is impoverished, and the children soon become under-weight and unable to resist the attacks of disease as they could do if properly fed. Many schools in the cities and large towns, becoming aroused to the dangers of malnutrition, have undertaken to supplement the food of the children by lunches prepared under the direction of capable dietitians, and the results have been found highly satisfactory. This plan is not so readily adopted in the rural and village schools, but parents and children should be educated in food values.

Public health service will fail in its most important functioning if it does not interest itself more in overcoming the handicaps imposed on children by malnutrition. It is a campaign of education that should be impressed strongly upon heads of homes, and until parents are trained to provide the proper food for growing children, the schools should work to overcome the deficiency.

Conference Of Miners In Chicago Next Fall

CHICAGO—An international mining exposition—believed the first of its kind—will take place in Chicago, October 17 to 22.

Already the American Mining Congress, under whose auspices the convention will be held, has received assurance of co-operation from operators in United States, Canada and Mexico.

The formal invitation to be issued soon will go to the governments of the United States, Canada and Mexico, all states in which mining is an industry, all mining districts including coal, metal, minerals, chemicals or petroleum products as well as mining engineer and industrial bodies.

"Though this is a time of industrial depression," said W. J. Loring, president of the mining congress, "it is a time for action. Sound business psychology calls for optimism, with hard intelligent work to back it up and make the hopes come true.

"The mining industry is fundamental to national prosperity. Whatever influences affect mining and allied industries adversely affects every American citizen."

The convention will be divided into educational and promotion, industrial and transportation divisions.

Watch Death Notices In Seeking Residence

PITTSBURG—The death notices are being watched much more closely than the classified columns of the newspapers by Pittsburg house hunters, according to an undertaker. The practice on the part of house seekers of attempting to gain information from undertaker as to whether houses where deaths have just occurred will be vacated has grown to such proportions as to be quite annoying, the morticians say.

Other undertakers told the same story. One said he has received recently scores of inquiries every funeral he has conducted.

Deaths In Railroad Accidents On Increase

WASHINGTON — Railroad accidents resulted in the death of 2044 persons for the quarter ending September 30, and injury of 17,947, as against 1763 killed and 14,738 injured for the same quarter in 1919 and 2429 killed and 16,446 injured for the third quarter of 1918, according to a report issued recently by the interstate commerce commission.

RED INK STAINS

To remove red ink stains from table linen spread freshly made mustard over them and leave on about half an hour. When sponged off all traces of the ink will have disappeared.

NOT A TOTAL STRANGER

Charley Smith, who used to tamp ties on the Kearney section, was summoned as a witness at an inquest. He had been cautioned that he must be very exact in his statements.

"Was the deceased a total stranger?" asked the coroner.

After duly pondering the question, he replied: "He was what I should call a partial stranger."

"Either you knew him or you did not," said the coroner sternly." There is no such thing as a partial stranger."

"Well," he answered, "I don't know how else to describe him. He was a one-legged man."

Andrew Johnson, because of his extreme poverty, never went to school.

LOCAL FOLK BOOST C. E. CONVENTION AT GATHERING

GLENDALE YOUNG PEOPLE GO TO HOLLYWOOD AND TELL OF BIG EVENT HERE

By GLEN and DALE

Several Glendale young people went over to the Christian church of Hollywood to boost for the state convention at a big Hollywood Christian Endeavor rally recently. As the guests entered the door they were tagged with the little sombreros, reminding them of the coming state convention. Hollywood is wide-awake and alert, however, and all who possibly can are making arrangements to attend the convention.

An entertaining program was presented by the Hollywood Endeavorers, beginning with a good song service led by Bill Marple of Glendale, followed by a vocal duet and a reading, after which Rev. Richardson gave a very helpful talk.

The plans of the year as outlined by the County Union were then presented by Will Richards, formerly of Glendale, but now residing in Los Angeles, though Glendale still claims him. He introduced two of the county officers, who presented their work in an interesting and helpful manner.

Glendale Takes Charge

The remainder of the meeting was turned over to the Glendale folk to use as they chose best. An original skit was presented boosting the convention, and impressing upon the Hollywood Endeavorers the necessity of registering early.

At the conclusion of the skit Miss Ethel Preston told the young people of the bigness of the task ahead of Glendale, and thanked the Hollywood people for their gracious offer of assisting in the entertainment of the delegates, however expressing the belief that Glendale district would be able to take care of all who came.

Will Richards then presented the pre-registration, and after a few words from one of the pastors the meeting was dismissed.

Although those who went would much rather have been here in the evangelistic meetings, they had promised to go to Hollywood, and realized that it was an opportunity to boost the convention.

Those who went were Misses Nancy St. Clair, Ethel Preston and Marjorie Smith, and Messrs. Elwood Ingledue, Will Richards and Bill Marple.

Noted Deer Hunter Is Dead, Age 70 Years

WILLIAMSPORT, Pa.—Amos Miller of Trout Run, near this place, said to be one of the country's most successful hunters, died recently at the age of seventy years, after having established a record of having slain eighty-six deer. Mr. Miller had hunted in the old days when the use of dogs was permitted and had a record of shooting seven bucks in one week. The last season was the first in many years that he failed to kill a buck, this being due to ill health.

THEM SIDE DISHES!

'Cindy, who had served her mistress faithfully for some months, suddenly announced her intention of leaving.

"Why, 'Cindy," said the lady, aghast at such a misfortune, "I thought you were pleased with your position. I'm sure pleased with you. What can be the trouble?"

"Well, ma'am, I tell yo' how 'tis. They's too much movement o' the dishes fo' de fewness ov de vittles."

British Food Bureau Has Profit Balance

LONDON—The Ministry of Food ceased to exist March 31, but although many attacks have been made on the government for the continuance of control so long after the war, the critics have not been slow to praise the excellent work done by this department.

Due largely to the energy of the late Lord Rhondda, the Food Ministry proved to be the greatest trading organization which had ever existed in any country. In its five years' existence, the ministry handled goods to the enormous value of 1,200,000,000 pounds sterling, exclusive of wheat and sugar which, although nominally under the ministry's control, operated under separate Royal Commissions. The working expenses amounted to but thirteen shillings and four pence per hundred pounds worth of food bought and sold, and a clear profit of roughly one million pounds was made for the nation.

The retiring Food Minister, Chas. A. McCurdy, gave the United Press the following figures on commodities handled during the whole period of control in pounds sterling:

Butter, cheese and milk products	125,856,000
Meat supplies	475,880,000
Cattle feding-stuffs, oils, oil-seeds, fats	193,488,000
Tea, dried fruit, sundries	80,180,000
Bacon, hams and lard	292,448,000
Vegetables, fruits and preservation	32,148,000
Total	1,200,000,000

To this total must be added the purchases made by the Royal Wheat commission, which amounted to another 1200 millions for the United Kingdom and 250 millions for allied and neutral countries.

Man Offers Self To 'Angel' Educating Him

WASHINGTON — "Here is good news for the ladies—an opportunity for some kindly soul"—declares S. B. Schwartz, medical department Walter Reed hospital, in a letter to a newspaper.

"I promise to marry any good-hearted woman (up to the age of 35) who will give me a college education," Schwartz wrote.

"However, I reserve the right to choice. I am 28 years old and considered good-looking. At present I am in the U. S. Army Medical Department."

The smallest coin was the "mite," which was current in Asia Minor and called "beggars' money," being used chiefly for almsgiving.

New Rip Van Winkle Asleep Three Years

FORT SMITH, Ark.—The Sebastian County hospital today is threatened with a dire calamity. For the prize sleeper of the hospital—a second Rip Van Winkle—may cease sleeping and ruin the chief attraction for visitors.

When "Jim" Eslinger raised up in bed and yawned Monday he terminated his record of two years and eight months of apparent slumber. But the revival was temporary.

For Jim stiffened into rigidity as he sighted a nurse entering his ward and could not be aroused to divulge the inside stuff on his Rip Van Winkle sleep, which has baffled the hospital physicians and aroused the interest of many surgeons from other cities who have investigated his case.

Eslinger, his wife and three children came to the county hospital here seven years ago from Bonanza, Ark., all ill of pellagra. The wife died and the three children recovered.

Eslinger was paralyzed and for about four years was kept in a wheel chair. Then he went to sleep and until Monday he showed no outward signs of consciousness and all efforts to arouse him failed. He became the honor guest of the hospital. No visit to the institution was considered complete without the climax of viewing the prize sleeper.

Jim lay in state and received visitors without batting an eyelash. The war and saloons passed without a murmur from him. Physicians who have investigated his case have been puzzled by the long slumber and Eslinger's failure to respond to touch, heat or cold. Some have advanced the theory that the attack of pellagra produced part or total paralysis of the brain and body. Eslinger received nourishment regularly, being fed with a tube and appears to function normally.

Hawaii Assumes High Record As Producer

HONOLULU—Hawaii stands twentieth in the list of states and territories with respect to the amount of customs receipts collected and paid to the federal government during the fiscal year ending June 30, 1920, according to figures compiled by Governor Charles J. McCarthy.

In income taxes and miscellaneous revenue the territory stands thirty-ninth.

Customs receipts for the fiscal year aggregated $725,158 and income and other revenues $11,929,906.

The counting of a billion silver dollars would require the handling of 150 a minute during eight hours a day for forty-six years of 300 days each.

Loses Fourth Husband And Now She's Through

CHICAGO—"I'm through," declared Mrs. Elizabeth Miller as she left Judge Baldwin's courtroom, where she had just been freed from her husband, William Miller, whom she charged with stealing her diamonds and with having twelve other wives. "I'm through," she repeated. "I've been married four times and have learned my lesson. My last husband—thank heaven, he's my husband no more—opened my eyes."

Don't Say 'Hello' As It's Vulgar, Verdict

SALT LAKE CITY—The time-honored expression, "Hello," used by one in greeting another is vulgar and its use by co-eds on the University of Utah campus is banned, according to an edict issued by Miss Lucy Vancott, dean of women, who is against its use at the annual "Hello day" which was observed at the college today. In its stead the expression, "How do you do?" was heard on all sides when members of the alumni visited the college campus to exchange greetings with the faculty and student body.

Watermelon Patches May Prove Popular

BURLINGTON, Colo. — "Hooch fruit," as a substitute for home brewed liquor, will result if the experiment of V. H. Chandlear, prominent watermelon grower here, proves a success. Chandlear, who has made hundreds of experiments, declares he has found a way whereby every watermelon can be made into a natural still.

When the watermelon is about half grown, Chandlear's method is to plug it, insert a yeast combination of his own manufacture, then seal the hole with sealing wax. The yeast, acting on the sugar content of the melon, will develop an unusual amount of alcohol and at the same time the growth of the melon will be greatly stimulated by its own invigorator, Chandlear claims. Ninety per cent of the melons in a field will weigh more than thirty pounds each after given the yeast treatment, he said.

Several business men here contracted for an acre each of the melons with a 10 per cent kick at a dollar per melon. Chandlear has turned over his contracts and methods to the Burlington Melon Growers' association.

Too much notoriety, correspondence and annoyance was Chandlear's reason for giving up the project.

A French aviatress was the first woman to fly across the Andes. She recently made the flight from Mendoza, Argentina, to Santiago, Chile, in four hours.

DISARMAMENT PLANS

With the government of the United States paying out approximately 85 per cent of all its revenues for wars, past and prospective, the idea of world disarmament is not likely to cease to be a subject of earnest consideration by persons who are called upon to bear the burden of taxation.

No one who wants the United States to keep her rightful place in world affairs will advocate that this nation abandon all military preparations as long as other great nations continue to increase their navies and prepare for military eventualities on land.

Even if the United States were inclined to expansion at the expense of other nations, not one of the countries now engaged in naval construction would offer any inducements for aggrandizement. The United States is well supplied with problems on the western continent.

Germany will probably never again become a naval power, for the allies are not likely to agree to any action by that nation which would look toward restoration of the military machine. Why, then, should Great Britain and Japan continue the building of navies and other military preparations? What reason have they to fear that their rights in any part of the world will be menaced?

A new steamer safe to contain valuables and registered mail is unsinkable. If cast overboard it floats about the sea ringing bells, shooting off skyrockets, flashing lights and blowing horns. Clockwork machinery, it is claimed, will operate it for more than a month.

AMATEUR ACTS AND FEATURE PICTURE AT GLENDALE

VAUDEVILLE TO BE GIVEN IN CONJUNCTION WITH 'THE DEVIL,' SUPER FILM

Five acts of amateur vaudeville and professional tryouts are the added attractions at The Glendale Theatre which should bring out a large crowd at the first show this evening. With the usual features, including Madame Clement's playing of "Dearie" on the great organ, a most pleasing bill is offered.

"The Devil" of George Arliss, at the Glendale Theatre again today and tomorrow, is not the Mephistophelian devil of the horns and spiked tail. His particular devil is a polished, well-bred gentleman who, in the guise of a "friend," finds in love a mighty weapon with which to destroy the goodness of human beings who are trying to do what the world calls right.

Mr. Arliss, it will be remembered, created "The Devil" on the speaking stage and, by the subtlety and polish of his performance, won the praise of the critics of the country, and the public. His screen interpretation is no less poignant and finished, while the production itself, by virtue of its artistry of settings, photography, lighting, direction and acting, reaches a peak of photodramatic art, and has been acclaimed one of the great pictures.

La Crescenta Notes

As a courtesy to the officers and their wives of the Farm Bureau, Mr. and Mrs. H. S. Bissell entertained at a handsomely-appointed tea last Sunday afternoon at their home, "Hi-Up" Ranch.

Thursday night, May the fifth, will be the regular meeting of the La Crescenta Improvement association. Come and hear what has been accomplished in two months—La Crescenta is certainly "going straight ahead."

Mr. and Mrs. T. R. Coffin of Pasadena were dinner guests of Mr. and Mrs. T. S. Minford at their attractive home on "Hi-Up" Ranch last Tuesday.

Considerable activity in Montrose—and many new homes under construction. A. E. Dodds, L. Thomas, F. Salisbury, all of Glendale, have beautiful homes under construction and E. Alden of Los Angeles is building an attractive home.

Mrs. A. W. Brown spent the weekend in San Diego, motoring down with her son, Sidney Brown of Glendale.

Harry Towler continues to improve his already attractive home on Los Angeles avenue.

Dr. and Mrs. J. Hawks, who have been guests of the La Crescenta hotel for many months, are planning to build and make La Crescenta their permanent home.

Walter Brown has leased his home to A. Lutler of Los Angeles for a year.

"The Jack Knife Man," a King Vidor production, with Florence Vidor will be the feature at the school auditorium next Friday, May 6.

Mrs. Roy Stewart of Montrose avenue left Thursday for Wilmington, North Carolina, to spend the summer with her father.

Mr. and Mrs. Earl Young are receiving congratulations over the arrival of a son.

As a farewell courtesy to Miss Leina Wilbur, who is returning to her home in Los Angeles, the ladies of the La Crescenta hotel entertained at tea yesterday afternoon. The tea table was particularly attractive with a multi-colored centerpiece of spring flowers. Mrs. L. Bromfield poured.

Forest Fires In Five Years Cause Big Loss

WASHINGTON—Damage of $85,715,747 was caused by forest fires which burned over 45,483,307 acres in 45 states from 1916 to 1920, inclusive, it was reported today by the Forestry Service of the Department of Agriculture. A total of 160,318 forest fires occurred during the five years. Minnesota was the capital sufferer, with $30,895,860.

Twenty Dollar Bills Out Of Circulation

GREY COURT, N. Y. — Twenty-dollar bills are a rarity here. When three strangers began circulating them they were pinched. Officers later charged them with mail robbery.

'Swell' Maid Proves To Be Costly Investment

CHICAGO—Mrs. Fred E. Mayer has lost faith in New York maids.

Mrs. Mayer had tried maids of the "home grown" variety for several years and was not satisfied. She wanted a maid with "eastern experience." One day an applicant appeared.

"Where are you from?" asked Mrs. Mayer.

"Noo Yawk," responded the applicant. "I woiked wid de swellest family along River Shore Drive."

The maid was hired. Said maid and $3000 worth of Mrs. Mayer's jewels are now missing.

Mrs. Mayer is looking for a maid who has never even heard of "River Shore Drive."

This Constable Is Determined Swimmer

LOUISA, Ky.—Mose Maynard, constable, delivered J. A. Browning to the Wayne jail, but only after an exciting experience. Browning jumped from a train near Coleman and plunged into the river. Maynard followed. The constable had the fastest stroke and caught him as he scrambled out on the opposite shore. Then together they walked eight miles in their wet clothes to Wayne.

Finds Regular Kick In Water From Tree

SHEPHERDSVILLE, Ky.—Hunter Roby of Leeches came upon a flock of woodpeckers drinking sugar water from a sugar tree. They seemed to be intoxicated. Fight after fight was staged. Rody investigated and found that fermentation had given the water a real kick.

In the course of a year the average man drinks a ton of water.

Incorrect Phrases Are Discarded By Official

CHICAGO—An echo of the controversy between county and city school officials concerning forms of speech that may be used in the schools was heard today when Superintendent of City Schools Mortenson tossed into the discard "it don't," "I seen" and sixty-eight other incorrect phrases.

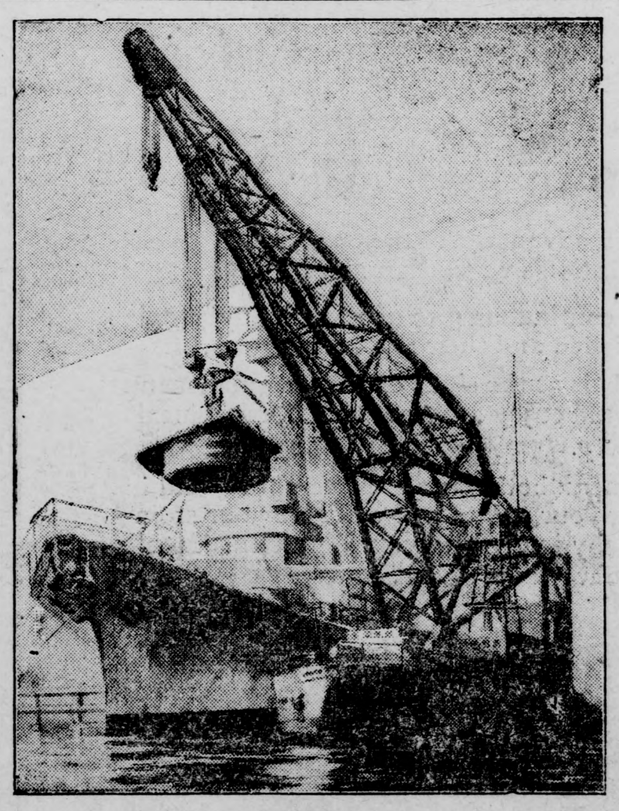
Edward Tobin, superintendent of Cook county rural schools, contended recently that some of these forms should be countenanced by teachers because of their general use.

MAN, THE WEAKLING

It's a fact every man would be glad to dispute,
But there seems no good way to defeat it:
Adam hadn't the courage to gather the fruit,
But seemed perfectly willing to eat it.

You can't tell by looking at a woman's skirt how old she is.

U. S. NAVY'S NEW CRANE SHIP



Who would ever think that one of our old first line battleships would look like the above photograph? Formerly she was the Kearsarge, but after her days of usefulness as a battleship passed, and as the great weights which are required to be placed on board ships increased, it was found very desirable to have a ship which could proceed from port to port, and lift a turret, engine, or any other small trifle weighing in the neighborhood of 250 tons into place on board as desired.

The Kearsarge as refitted will be capable of transporting at one time two triple 16-inch gun turrets with their guns from one port to another. It is believed she will be the largest capacity self propelled crane in the world taking into consideration reach as well as hoisting power.

Everyone Has an Idea of the Kind of a Home They Would Like to Own

But not being architects cannot plainly describe their ideal of a home. Realizing this we have equipped our office with the most complete assortment of photographic building suggestions that it is possible to secure—and they are so conveniently arranged for your inspection and study—that among them you cannot fail to find that which would suit your requirements at a construction cost that would be satisfactory.

This service is absolutely free and we would be glad to co-operate with you in such a manner if you are thinking of building.

Not only does this concern cheerfully assist in planning new homes—but we are at all times willing to assist in giving you ideas of how to best remodel your present residence—if it needs repairs or improvements.

Won't you let us help you to make your building thoughts a reality? NOW—the most opportune time of a decade to build.

GLENDALE BOYS ARE URGED TO ATTEND Y. M. C. A. CAMP

REX C. KELLEY, SECRETARY IN THIS DISTRICT, TELLS OF PLANS FOR OUTING

Rex C. Kelley, the local Y. M. C. A. secretary, in referring to the coming summer camp, said:

"Camp Pine Flats—what a wealth of joyous memories it brings back to the more than 200 fellows from all parts of the county who attended one of the Y. M. C. A. camps last summer.

"Plans have been formulated by the secretaries of Los Angeles county for a still larger and more enjoyable outing during the coming vacation season.

"The dates chosen are June 21-July 19. The first two weeks of this time are reserved for fellows 14-18 years of age, the last two boys 11-14 will be in attendance.

"The beautiful camp site situated at the head of the north fork of the San Gabriel river at an elevation of 6000 feet affords every opportunity for the fullest participation in those outing activities that delight the heart of the normal boy.

Program Is Varied One

"Hiking, swimming, woodcraft, athletics and the other strenuous features are tempered by more cultural activities of educational and religious nature and round out the fourfold plan of development which is the goal of all association work.

"Camp supervision by men experienced in boy life and camping assures every precaution and safeguard for the health and welfare of those who attend."

Parents or boys desiring further information regarding 'Camp Pine Flats will find a ready response if Secretary Kelley is called up or on.

(This camp is not only open to boys who are members of the Y. M. C. A., but to all boys of Glendale.

Horse Racing Back After Years Of War

LONDON—Horse-racing, the Englishman's favorite sport, has begun and this season promises to be a record one. The prewar standard as regards the number of horses in training has not yet been attained, but there are plenty of horses and another year or two should bring the turf back to its original standard.

Never were such large sums of money offered for blood stock as now and there are no signs of a slump. It was the owner-breeder who saved the situation during the war. With few exceptions, all big breeders kept their studs going, with the result that today the whole turf situation is better than might have been expected.

Race-courses are over-crowded and the executives are perplexed as to how they can accommodate the thousands of people who now attend.

Nowhere else in the world is horse-racing quite so "exciting" as in England. The raucous shouts of the bookmakers, the picturesque gipsies, the blaze of color as the horses go flitting past, the frocks of the society dames in the grand stand, from the roof of which the "ticktack" men send their mystic signs down to their colleagues in the ring, the deftness of the three-card tricksters who reap a golden harvest among the unwary, the frenzied shouting and stamping of the betters as the horses dash past the winning-post—all these things go to make an English race-course one of those "sights" so dear to the hearts of tourists.

ARE VACATIONS SINFUL?

This is a poor time of the year for Senator Smoot to come forth with the boast that he has never taken a vacation. No wonder he is quoted as saying that his life is very uninteresting. He has never known the pleasure of looking over the highly colored summer resort booklets and railroad folders. He knows nothing of sitting in a boat under the glare of a midsummer sun and coming home with his entire face peeling loose and two small fish. There are a lot of mountains sprawling around in his home state of Utah, but probably if he climbed one of them the senator would call it work and deny that he was just out for the fun.

The witness further confesses that he never attends baseball games nor plays golf, that he works sixteen hours a day and would rather raise the tariff than attend a theater. His only recreation is sleeping seven hours each night.

It takes all kinds of men to make a world, and no doubt there is room for more such as this Spartan; given half a population of his kind, the other half could rest and play without stint, and still the world's work would be done. It is a mistake to idle away one's time, Senator Smoot declares, but the general verdict of his fellows will be that it is an equally great mistake to be so bound up in the business of banking, wool manufacturing and politics as to find no time for or joy in what the poet calls "living by the way as we journey through life."

The modern gold coinage of Europe was commenced by the Florentines in 1252.

Now's A Good Time To Get Rid of Ants

A garden, large or small, can be completely cleared of ants by the use of the following method, according to experiments made by the U. S. Government:

Put a small quantity of a solution made of sodium arsenate, tartaric acid, sugar, honey and water in tin cans with the lids only partially cut out, which prevents access other than by insects, and place a number of these cans so prepared around your lot and gardens.

This mixture as recommended by the government is a weak poison, and while not causing ants to die at once, it is carried to the larvae and in time exterminates the whole colony.

Another effective manner to use is by preparing small cloth bags, dipping them in melted paraffine and puncturing several holes with a hatpin, filling with the mixture and hanging in trees.

We Prepare This Formula—All Ready to Use in Convenient Sized Bottles at 50c.

EXERCISE AND FOOD GIVEN SHARE IN FILM 'STUNTS'

TOM MIX, WESTERN FEATURE ACTOR, GIVES HIS VIEWS UPON 'KEEPING FIT'

"A man must keep fit as a fiddle to do Western pictures," said Tom Mix, William Fox star, in the course of a lull in the filming of "The Road Demon," to be shown today only at the Palace Grand Theatre. The scene was the Ridge route near Saugus where the road runs along the very crest of the mountains, affording magnificent views of crags and valleys. The location was used for the staging of the automobile races in which Tom, as Hap Higgins, does sensational auto driving.

"If an actor of western character is not in the best of health," continued Mix, who was on his favorite subject, "he simply can't stand the 'gaff.' Setting up exercises morning and night, and as much time as possible outdoors in the saddle, canoeing or swimming, are absolutely necessary to keep a man in condition for the stunts required of him in motion pictures.

Careful About Food

"A man must be careful about his food, too. Our besetting sin is overeating. Most men could reduce their daily amount by one-half and be the better for it. In this picture, 'The Road Demon,' where I have to pilot a racing car through some ticklish situations, I simply must have a clear head. If I ate too much, particularly of meat, I would not be as keen-witted as I should be and my muscles would not act as quickly as they should. Therefore I am very careful about my diet and my daily exercises."

"The Decorator," a two-part comedy, also is on the big show. Tomorrow "Chickens" is the feature.

Corned Beef Killing Us, Asserts Frenchman

NEW YORK—American civilization will be destroyed by mince pie and corned beef and cabbage.

In making this statement Andre Tridon, noted French psychoanalyst, pointed out that the overthrow of America would be a part of the general downfall of the white race.

"It always has been, and always will be, the history of mankind that a dominant race becomes super-civilized and gives way to another which lives only for its stomach and reproduction," Tridon said.

"The virility of a race is measured by its purely physical attributes. To even approximate the time when the white man will lose his dominance is the wildest guesswork, but it is certain to come. And according to present indications it is the black man who will succeed him as ruler."

Tridon declared that the natural advantages which Americans hold over other white men in many ways are largely dissipated over the neglect of their stomachs.

"Americans are the worst eaters in the world," he declared. "Your atrocious corned beef and cabbage and your horrible mince pie are but examples of your unspeakable menu. Why, even the Mexican Indian can take a piece of goat meat and a few chili peppers and concoct a dish that would shame your best home cooking.

"When the stomach fails the race begins to die out. The true American has already begun to disappear. Your New England stock is nearly just a memory. It is being replaced by the more sturdy European strains of stronger stomachs and better constitutions. You are too much addicted to your corned beef and mince pie and kindred gastronomic nightmares to give them up. They will be your downfall."

IGNORING LITERATURE

Sinclair Lewis finds fault with New Yorkers—and the criticism applies with equal force to many others—for just skimming through the new books, or getting their knowledge of them from newspaper reviews, instead of reading them conscientiously.

His accusation is based on truth; but there seems to be no remedy for the condition of which he complains. There is not enough leisure in anyone's life to become well acquainted with all the classics, much less the best in current literature. It takes more leisure than many have at their disposal just to read the morning and evening paper thoroughly every day. Conspicuous headlines are provided to permit the reader to discriminate between that which he will read and that which he will omit.

Reviews perform for books the same function that headlines do for newspaper articles; they save the reader from wasting time on a volume that might be better employed on another book.

Another complaint which Mr. Lewis makes, and which is also well founded, is that American readers have been unfairly trained to believe that our native authors are inferior to those of Great Britain. English novelists and essayists and dramatists come to the United States on lecture tours and are lionized. The result is that we neglect the works of American writers, though they are meritorious. The literature of the United States deserves more consideration.

PLENTY OF OFFERS TO 'KEEP HOUSE' ARE RECEIVED

MRS. L. W. STOVER VERY WELL SATISFIED WITH RESULTS OF 30 CENT LINER

Mrs. L. W. Stover of 1101 East Wilson "loves to keep house."

And as her home did not require all of her time, she thought of the tired mothers who would appreciate aid in the way of a competent woman.

So she came to The Glendale Evening News with a classified advertisement which was addressed to a box number.

She got five offers of part-time employment for a 30-cent investment. It was more work than she could do, but she had a selection to work for with the result that several now have her services.

All of which proves that the classified columns of The Glendale Evening News pay three ways:

The reader, the advertiser and the newspaper all profit by every little liner.

They are worth reading, worth using and worth having for it clearly demonstrates that The Glendale Evening News is the paper which goes into the Glendale homes and gets results for its advertisers.

Chinese Girls Plan Tag Day For Poor

PEKING—Chinese girls by the hundreds in this city, Tientsin and Shanghai,—daughters of the wealthiest merchants, carefully hidden in big, walled-in homes, or girls not so lucky in riches or comfort,—are forming societies to give food to other starving girls in the famine area. They are contributing funds by self-denial of some favorite food.

The up-to-date boarding schools are the leaders in this girls' enterprise. Hundreds of the Baldwin school, at Nanchang, have pledged themselves to go without meat and give the equivalent in money to the famine fund. This particular form of self-denial is spreading all over China. The results already show that thousands of children will be saved through the sacrifice of these young women.

This is the principal means by which Chinese girls are helping the nation in its crisis, but it is by no means the only one. In the series of "tag days" in this city, Shanghai, Tientsin and other towns, young Chinese girls of the best families went openly on the streets—an unheard of thing—and "tagged" pedestrians and auto and 'rickshaw parties. Large sums were raised by this method.

DESTROY THESE PESTS

Science has demonstrated that two pests are a constant menace to each individual coming in contact with them—rats and flies. Flies, being the most common and by most persons the least feared, are permitted to contaminate food in a way that is dangerous to human health. Premises should be kept clear of rats and other rodents, for not only are they bearers of filth, but they are known to carry the germs of a number of diseases which may be communicated to members of the human family, especially to children.

A great deal has been said in recent years about the fly and the effect it has in spreading disease, especially the ailments that affect the digestive system. Many of the illnesses of children may be traced to milk or other food that has been contaminated by the fly. The campaign against the fly has made progress, but there are still many persons who do not realize the importance of protecting themselves against this pest. They do not give serious thought to the fact that screening against the fly is one of the best investments that can be made for any family, and the fly is permitted to invade the home unmolested.

Now is the time to wage warfare on the fly. Every corner about the premises which may become a breeding place for the fly should be sprinkled with kerosene, unslaked lime or other chemical that will destroy the eggs or render the spot untenable for this insect pest. The first flies which appear about the home should be destroyed, for they are the forerunners of the millions that will swarm later in the season.

AMERICA HAS MOST PHONES

France has not as many telephones as Chicago. Greece has not as many telephones as some of the largest American office buildings.

All Europe has only one-third of the number of telephones in the United States. In 1880 there was one telephone to 1000 persons in the United States. Today there is a telephone to every nine persons.

During the last year and a half more telephones were installed in American homes and offices than are in use throughout Great Britain.

America has only one-sixteenth of the world's population, but nearly two-thirds of the world's telephoning is over the 24,000,000 miles of wire in the Bell system.

Had Two Millions 19 Days; Didn't Know It

DETROIT—Henry Ford, clerk in a Detroit court, recently had $2,000,000 for nineteen days and didn't know it.

He is no relative of the multi-millionaire automobile manufacturer. In fact he doesn't even know him. But both belong to the same lodge of Masons and both deposit in the same bank.

One bright morning Ford—the less famous—opened his mail and found a credit on his bank slip for the $2,000,000. While this was most pleasing, it embarrassed him, for when he hustled to the bank, he learned the bank had discovered the error and had scratched off the sum. The money was the property of the motor king.

Similarity of names has led to many other complications, too. The home of Ford—the clerk—is constantly beseiged by foreign women pleading with the supposed auto manufacturer to allow their husbands to retain the jobs. Almost daily he receives letters asking for charitable gifts.

Recently the clerk received a burial certificate from Connecticut filled out in regular form designating his place of burial as "Hell" and his undertaker as the "Divine Being." It advised him to "stop meddling with other people's business."

FAMINE IN AMERICA

With surprise and some shock many comfortable citizens learn that fellow Americans in the west are perishing of hunger; that in America children are suffering from malnutrition; that education is failing and warmth and clothing are lacking on the cold northwestern border.

Yet in western North Dakota and in eastern Montana, according to reports from Red Cross workers, famine has been breaking down those defenses of civilization that American pioneers have raised against the desert. For four rainless, cropless years the farmers of that region, mostly of Polish, Finnish, Russian and Scandinavian descent, have struggled with ill success to maintain their families.

For many reasons the people of this country cannot afford to allow this condition to continue in the Dakota bad lands or elsewhere. The first is the obvious humane reason of preserving life. Another is the need of guarding the progress that has been made in developing the desert regions of the country. Territory once opened must be maintained, as business is maintained over its depressions, by credit, if the permanence of American progress is to be assured,

Already the American Red Cross has spent $300,000 in the relief of suffering in the district. Relief measures are appropriate enough so far as they go, but constructive measures that will prevent such need of relief should be taken.

LOOKING AROUND

"What are you doing in Europe?"

"Father has promised to buy me a duke."

"Which duke?"

"I don't know yet. So far we are just shopping around."

HIS SUGGESTION

A Hoosier traveling man had a hotel room next to one occupied by two teachers during the recent teachers' convention. He was very tired and turned in early. But hardly had he closed his eyes when the two teachers came in from the evening session. They discussed it, one of them particularly being endowed with a voice commonly termed strident.

Finally they finished with the subject and he, thinking they were through with conversation for the night, turned over again and once more began to think of slumbering. But after a little pause the loud talking began on another theme, namely the hard life of a teacher. After she had discussed it from all angles she said: "If I only knew where I could succeed I would leave the teaching profession. Now what could I really do as well as I can teach school?"

Before the second teacher could answer her the long-suffering man rose to the occasion. "Madam," he shouted through the wall, "you could be an auctioneer."

GOING UP

Pete Horback claims that the oldest joke is the one about the Irishman who was handling dynamite in a quarry. He let a stick drop, and the whole box went up, taking Mike with it. The quarry boss came around later and said to another Irishman: "Where's Mike?"

"He's gone," replied Pat.

"When will he be back?" asked the boss.

"Well," replied Pat, "if he comes back as fast as he went he'll be back yesterday.

BILLIONS FOR BOOZE

Hunter Sharp, American consul at Edinburgh, provides in a recent trade report an indictment of conditions in Britain which should not be overlooked, especially in view of the attitude of the majority in Great Britain toward the prohibition movement and the complaints heard there against financial conditions. Consul Sharp shows that Britain's drink bill for 1920 was $400,000,000 in excess of the total for 1919. The increase in the per capita expenditure was $8.

The people of Great Britain paid out in 1920 $2,285,795,000 for liquors of all kinds—money taken from the butcher, the baker, the clothier and other dealers in the essentials and placed in the tills of the vendors of intoxicating liquors.

Great Britain owes the United States a huge debt, contracted during the war, the interest on which is not being paid. British statesmen make the excuse that the government does not have the money to meet the obligation, yet the people of Great Britain are able to increase their drink bill in one year by a sum that would pay the interest on the entire amount owed to the United States.

Economic conditions in Great Britain are admittedly bad, but as long as the British continue to spend such huge sums for intoxicating liquors they should not expect sympathy from the United States.

A Minden, Nevada, hotel proprietor, unable to open his safe containing valuables belonging to departing guests, wired to the Nevada state prison for a safe expert. A convicted burglar was sent at once and promptly opened the vault.

HEY, LOCAL DRIVER! PUT PENNANT ON YOUR MACHINE!

BOOST GLENDALE WHILE YOU TAKE YOUR MOTOR TRIP, IS PLEA OF C. OF C.

Put a Glendale pennant on your motorcar when you go on this summer's motor trip.

That is the advice of the Glendale Chamber of Commerce. Secretary James M. Rhoades is urging the merchants to carry a stock of pennants for the purpose of supplying the demand.

When a person has "Glendale" on a motorcar, he advertises the fact that he is a resident of the fastest-growing suburban city in the United States.

In turn he can give strangers information about the desirability of this city which will do much to build up the town, acording to Mr. Rhoades.

Prove Success Elsewhere

Other cities and states use the pennants to great advantage and it is believed that this pretty custom will prove popular with local people.

Another advertising scheme which Secretary Rhoades has launched locally in the printing of "Glendale—Straight Ahead" on stationery and other printing.

Such a slogan is more than fitting the prosperity which reigns here.

Big Business Setting Pace For Navy Plans

TOKYO—The session of the Japanese Diet which is now drawing to a close, has been remarkable mainly for the passing of the tremendous budget whereby half of the country's funds will be spent for the army and navy.

The navy program went through without any great trouble. The House defeated a resolution to cut it, and the Peers only attached to the budget a mild warning that in future more care must be exercised in the way of economy. A few business men, of what may be called the second rank, have protested at the folly of Japan's spending her money on a futile naval race with the United States, which can afford to outbuild her hopelessly without greatly feeling the strain, while Japan, especially during the present depression, cannot possibly bear the burden of further taxes.

The few big business houses which control Japan's commerce and industries have, however, not been heard from regarding economy, as they are the ones to profit greatly by the adventures in foreign lands, such as Saghalien, Kwantung, Manchuria, which Japanese militarism makes possible. Until these business heavyweights take a hand, the voice of the lightweights will remain feeble, significant only as a forerunner of thought along these lines. As the great naval program involves passing of appropriations until 1928 before its completion, and after that for renewals, it is, however, quite possible that growing realization of the fact that Japan is biting off more than she can chew may curb the navalists.

The responsible newspapers speak hopefully of a possible reduction of armaments by agreement between America, Great Britain and Japan, while the jingo press continues to harp on the danger of allowing America to act as "the bully of the Pacific."

The Navy Department has let loose an inspired, but entirely unauthoritative statement, to the effect that it is willing to consider reduction of armaments if other powers reduce armaments also. But in all this it is plain that they expect the other powers to reduce to such an extent that Japan will have a fleet out of all proportion to the position it now occupies in comparison with America and England.

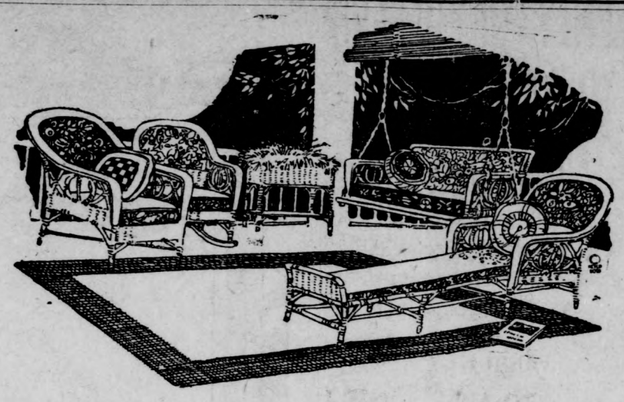
Biped Reptiles May Rule, Says Scientist

ABERDEEN, Scotland—The world may be ruled by a race of biped reptiles in 1,000,000 years or so, according to J. A. Thompson, professor of natural history in Aberdeen university. The collared lizard of New Zealand, he explained in an address, is already learning to become a biped and if it masters this secret of man's supremacy, the rest may follow.

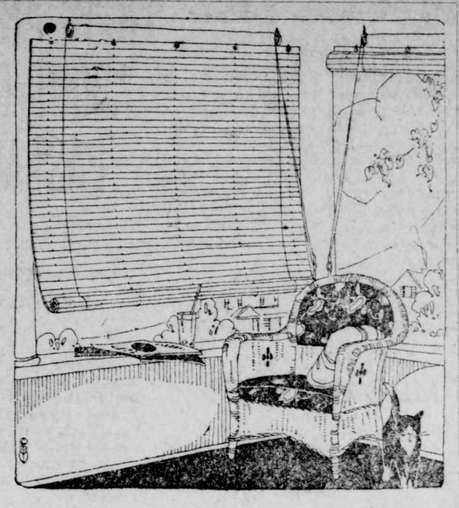
TIME TO GO

If she wants to play or sing,
It's time to go;
If o'er your watch she's lingering,
It's time to go;
If she wants your signet ring,
Frat house pin and everything,
(Speak, oh Death, where is thy sting?)
It's time to go.

If the parlor clock strikes two,
It's time to go;
If her father drops a shoe,
It's time to go;
If she sweetly says to you,
"Stay a little longer, do!"
Get your hat and then skiddoo—
It's time to go.



Fibre Furniture adapts itself in so many ways to your greater summer comfort both indoors and out.



Fibre Benches and Settees will add to the attractiveness of your porch, so sumptuously are they made—will add much to the appearance of your porch, and be a most enjoyable place to lounge.

Our display of furniture is more plentiful and prettier than ever this season. It represents our appreciation of the increasing popularity of Fibre as a material desired in summer furniture.

We know that you will enjoy seeing this showing, and you will without doubt find one or several pieces that will aid in furnishing your home for greater summer comfort.

Cretonne padded Fibre Chairs — the cretonne in bright or subdued colors but of attractive design—are a porch necessity, both for comfort and utility.

Perhaps you need a complete new suite for your porch. If so, you will surely be pleased with the several styles shown here now. And the prices quoted represent a worth while saving over last season.

Sets—a table and chair to match—cleverly fashioned from Fibre suggest a practical addition to your porch furnishings. And when cool weather comes they are good enough to use inside.

REFRIGERATORS

This warm weather makes the use of a refrigerator imperative. You will find a size to suit your needs at this store.

Ten Inches Is Fixed For Skirt's Deadline

CHICAGO—There is a safety point in the evolution of a skirt from a street sweeper to a mere ruffle about the waist and the Evanston Women's club is endeavoring to establish a deadline for modesty. Mrs. Rufus Dawes, leader of the club, says that ten inches from the ground represents the extreme limit of modesty. Eight inches would be even better, but ten is barely permissible.

One thing seems reasonably plain: the American people are not in a humor to follow the advice of professional pacifists.

SECURING EASY DIVORCE

The impression is increasing that the ease with which divorces are obtainable in nearly every part of the United States is lowering the national morale, but it remained for New York City to provide a method of turning out divorces while you wait. It is an institution that has been trafficking in counterfeit divorce decrees.

An investigation being conducted by the courts shows that more than sixty divorces have been granted by this fraudulent institution, most of them, of course, being issued to persons who are not familiar with the law regarding such matters. Names were forged, and the papers given all the appearance of genuineness to the unwary.

Arguments for and against divorce are readily supplied, but there can be no argument against the wisdom of surrounding divorce with every possible restriction that would minimize the possibility of fraud.

The ease with which divorces may be obtained has become a scandal in some states. The only thing the public knows anything about is the issuance of the decree, and this is clouded under such circumstances in many cases that suspicion may well be aroused regarding the entire proceeding.

Fraudulent medical schools prospered at one time, but the fake divorce bureau is an institution that is decidedly novel and in the interests of morality should be suppressed.

SHE WANTED ANOTHER

Edith visited the new arrival at my home, and was told that an airplane dropped it on the roof of a hospital and that the doctor brought it up. Before Edith reached home, she saw an airplane and cried out, to the amazement of passersby: "Please, mister, drop one, drop one."

MISS ALTA LOVELL, BRIDE-ELECT, IS HONOR GUEST

MRS. C. A. BOWEN IS HOSTESS AT GATHERING, ASSISTED BY HER DAUGHTER

Miss Alta Lovell, who is to be wedded to H. A. Harrison, was the guest of honor at a miscellaneous shower given Wednesday afternoon at the home of Mrs. C. A. Bowen, 212 West Garfield avenue, who was assisted in entertaining by her daughter Murle.

The gifts were hidden on a table covered with scarlet and white streamers. This same color scheme was also carried out in the floral decorations. Delicious refreshments were served.

The invited guests included Miss Alta Lovell, Miss B. Lovell, Mrs. H. I. Lovell, Mrs. A. J. Harrison, Mrs. Lyons, Mrs. Dearheart, Mrs. A. B. Cunningham, Mrs. G. F. Adams, Mrs. A. W. Martin, Miss Pearl Martin, Mrs. Ada Hunter, Mrs. L. Goldthwaite, Mrs. Jess Goldthwaite, Mrs. Kortz, Mrs. D. Sharman, Mrs. Orcutt, Miss Edna Orcutt, Mrs. L. Miller, Mrs. Sanders, Mrs. Gillett, Mrs. Hall and Mrs. Smith.

Passion Play Date Is Set By Village Elders

Oberammergau, Bavaria—The village elders of Oberammergau voted to enact the Passion play in 1922. The last presentation was given in 1910. The peasants who portray the sufferings and death of Jesus Christ in fulfillment of a vow in 1634 to present the Passion play every 10 years as an expression of gratitude for having been spared from a plague, were unable to enact it in 1920.

In Hungary service as a soldier at the front in the war is to receive recognition. The missing leg or empty sleeve will be a tax receipt and bullet wounds will materially cut down tax assessments under new tax bills introduced in the Hungarian parliament by the minister of finance.

Chinaman Leaves Big Estate, Is Estimated

HOQUIAM — Yip You, Chinese canneryman, who died while awaiting medical attention in the isolated Queets country last Sunday morning, left an estate valued at $50,000, according to his friends. It is definitely known $12,000 is in a Seattle bank and he is believed to have been a large stockholder in the Peking cafe and the Milwaukee hotel in Seattle, besides having several thouand cases of canned salmon in storage.

TAXES: BRITISH AND AMERICAN

If anyone still is lamenting the recent payment of income tax and feels that the exactions of the federal government are excessive it may prove a bit comforting to compare our rates with those imposed by the British government. The small-salaried individual here does not pay a heavy tax, but not so those living under the British flag. In Britain the system is somewhat complicated, but an illustration will show the difference. An Englishman having an income the equivalent of $2500 and having no unusual exemptions will pay a tax of $506.25. Here he would pay $60.

In view of this comparison it would seem entirely appropriate and not at all pharisaical to feel thankful that we are not as the British are. In the instance cited the British subject would pay more than 20 per cent of his income, while an American would pay but 2.4 per cent. A man with a wife and minor children would pay a less percentage on the same income, but in all instances it would be much in excess of what we pay.

It is true, probably, that we know little of burdensome taxation compared with what is endured not only by the British, but by other nations of western Europe also. We complain that the government dips into our incomes that seem all too small to meet our wants, but we should be thankful that we do not live across the Atlantic. We might have expert knowledge on the subject of taxation such as we should not desire. No tax is entirely agreeable, but it is easier to pay a small tax than a large one.

Sir Walter Raleigh introduced the potato to the British. He carried several plants back to England from Virginia in 1586. He planted these at Youghal, near Cork, and in the following year furnished England her first seed potatoes.

TAMBURICA UNIQUE INSTRUMENT

Probably no native instrument brought to America in recent years has attracted wider attention than the tamburica. It embodies some of the best features of the mandolin, banjo and guitar, but is distinctive from each of these in many respects. The range of music is almost limitless. In volume the music produced by the six players comprising the Jugo-Slav Tamburica orchestra is equal to that of an orchestra of eight or nine players using other string instruments.

Throughout eastern, southern and middle western states the concerts of the Jugo-Slav orchestra have been acclaimed as musical events of unusual interest and value. Their chautauqua tour of the coast under Ellison-White direction will unquestionably add to the splendid reputation already gained. They will give a full afternoon concert on the fourth day and a prelude in the evening. The chautauqua comes to Glendale May 11-17.

HE'S EATEN BUT TWO

"What's them?" inquired Farmer Corntossel as his wife was preparing for the party.

"Those are olives."

"What are they good for?"

"Good to eat."

"What else? You can't tell me anything with a taste like that oughtn't to cure something."

The house-sparrow, which, though allied to singing finches, never sings when in natural conditions, has been converted into a songster by bringing it up in company with piping bullfinches.

IN PRAISE OF WRITINGS

Books are our crowning privilege in modern civilization. With a taste for books and music, let every person thank God, night and morning, that he was not born earlier in history.

Kansas had eighty-seven public health centers for children in 1920, in which 9,930 cases were enrolled. They also cared for 1,500 prental cases.

Fairbanks, Alaska, is enjoying a real mining sensation. Gold running $5 a windlass bucket has been found on Cocomo creek, within three miles of town.

MINUTES OF CITY TRUSTEES

The proceedings of the Board of City Trustees in session at the city hall last night, as taken from the official minutes compiled by J. C. Sherer, city clerk, are as follows:

Board assembled at 8 o'clock p. m. Present, Trustees Bartlett, Lapham, Henry, Robinson. Absent, Stephenson.

Minutes of the previous meeting were read and correction ordered to be made on page 653 to show that the city attorney was authorized to enter an appearance in behalf of the city, also of Mr. Diedereich in the case of Place vs. the City of Glendale.

Grand View Street Plan

The city manager presented a map showing proposed street system of the Grand View district which had been prepared by him and informally agreed to by the citizens of that section. Mr. Learned and others interested spoke in favor of the plan.

Change of Street Name

Mrs. Nettie Ellsperman presented a petition signed by about thirty property owners in the Grand View district asking that the name of Sixth street be changed to Glenwood Road. Referred to the city engineer as to the frontage represented.

Maple Street Improvement

The hearing of protests against the approval of the assessment for the improvement of Maple street was taken up at this time and a number of protests were read in connection with the case. Messrs. Knox, Heacock and others addressed the board in reference to the subject. Trustee Henry presented the following resolution which was on his motion adopted by roll call vote, all voting aye. Absent, Stephenson.

"This being the time heretofore fixed for hearing of all appeals filed from the acts and determinations of the street superintendent of the city of Glendale in making and issuing his assessment for the costs and expenses of improving Maple street in said city from Glendale avenue to Sycamore Canyon road, in the manner contemplated by resolution of intention No. 1128 passed by this board September 23, 1920, and said appeals having been fully heard and considered by this board,

"IT IS HEREBY ORDERED AND DETERMINED that all of said appeals be, and the same are, hereby denied and overruled and the said assessment as made by said street superintendent is hereby confirmed and approved."

Grand View Street System

The subject of the street system for the Grand View district was again brought up and the motion of Trustee Henry was approved, to the effect that the map presented by the city manager be approved by the board and the city attorney instructed to prepare a proper resolution covering the matter to be presented to the board at the next meeting.

Before Railroad Commission

A notice was read from the railroad commission of the state of California giving notice of postponement of hearing the Casa Verdugo Improvement association versus the Pacific Electric company until May 16, at 2 o'clock p. m.

Ask Reconsideration

A communication was read from R. A. Pollock asking that the board reconsider its action at a previous meeting by which his request for permit to establish a gasoline filling station on the corner of Pacific avenue and Broadway was denied. Mr. Pollock appeared before the board and explained the matter from his viewpoint. On motion of Trustee Lapham his request was denied.

Application for Permit

An application was received from L. Bender requesting permission to operate a portable popcorn machine on the streets of Glendale. Referred to the city manager.

From Citizens' Building Company

A communication was read from Citizens' Building company asking for a decision by the trustees in regard to a proposition which had been informally discussed by which the city take a five-year lease at a monthly rental of $175 of the mezzanine floor of the building to be erected by the company on Brand boulevard to be used as a public rest room. Referred to the committee of the whole.

For Rest Home Permits

Application was received from Mrs. Dora Blaney, 336 West Colorado street and from Amy Crist, 1293 South Boynton street, both asking permission to keep patients in their homes. Both referred to the health officer.

Application to Do Street Work

Application to do street work by private contract were presented as follows:

John W. Henderson, 9½-foot sidewalk on the east side of Glendale avenue south of Broadway.

John W. Henderson, 5-foot sidewalk on the east side of Adams street, south of Lexington Drive.

William Snyder, cement sidewalk, 5-feet in width on the east side of Columbus avenue at No. 652.

A. S. Formoe, 5-foot sidewalk on east side of Pacific avenue north of Lexington Drive.

All being approved by the street superintendent, were granted.

To Conduct Billiard Parlor

C. F. Peake of San Fernando in communication to the board requested that he be granted a license to open a billiard parlor in the city of Glendale. He is engaged in a similar business in San Fernando and furnished references. Referred to the committee of the whole.

Bids to Supply Motor Truck

A communication was read from the Commercial Motor company of Los Angeles adding to their bid which was opened at a previous meeting, an offer to supply the city a garbage body in connection with motor truck for the additional price of $312.50 less 20 per cent discount, making the net amount of body mounted on chassis $250, plus war tax.

A representative of the Republic Truck company addressed the board claiming that the offer of that company constitutes the lowest bid made. A motion made by Trustee Henry was adopted that the bid of Packer and White Automobile company for one new two-ton Moreland truck, model 20-B, with steel garbage body as per blue print specifications for $3450 and war tax be accepted, by roll call vote, all voting aye. Absent, Stephenson.

Gasoline Tank and Pump

Application was read from E. V. Jellison asking permission to install gasoline tank and pump at 1006 South Brand boulevard, and on motion the permit was granted.

Permit to Remove Tree

An application was read from W. L. Jencks asking permission to remove an acacia tree in front of 409 North Maryland avenue. Referred to city manager.

Application to Install Curb Pump

Application was presented from J. L. Booth for a permit to install a gasoline curb pump at 310 East Colorado street. Referred to the city manager.

Gasoline Filling Station

Application was presented from A. P. Offutt for a permit to build and operate a gasoline filling station at the southwest corner of Broadway and Central. Referred to the city manager.

Permit to Remove Trees

Application was read from A. P. Offutt for permission to remove three trees from the parkway on Central avenue, corner of Broadway. Referred to the city manager.

To Install Storage Tanks

Application was made by the Glendale Sanitarium and Hospital for permission to install three crude oil storage tanks on Wilson avenue, and on motion of Trustee Henry, permit was granted.

Annexation Petition

In regard to petition presented at the regular meeting of the board, April 21, 1921, asking that the trustees call a special election at which should be submitted the proposition of annexing certain territory in and adjacent to Sycamore Canon, the city clerk reported that he had checked up on the great register of the county the names attached to said petition and finds that the same is signed by more than a majority of the residents of the territory who were registered as voters therein on the date when the petition was signed, and that the signers were residents of and registered as voters in the district at the time of signing the petition. Trustee Robinson presented a resolution which was on his motion adopted as resolution 1183 by roll call vote.

"A resolution of the board of trustees of the city of Glendale providing for the holding of a special election on the 31st day of May, 1921, for voting on the annexation to the city of Glendale of certain territory designated as Sycamore Canon district, and giving notice of such election as provided by law."

Protests Against Opening

Protests were called for at this time against the opening of Brand boulevard and a number of protests were presented and read. Trustee Henry presented the following resolution which was on his motion adopted, all voting aye:

"Whereas, this is the next regular meeting of this board after the expiration of 30 days from the first publication of the street superintendent's notice of the passage of ordinance No. 432 declaring the intention of this board to order that Brand boulevard be widened on the easterly side from San Fernando road northerly to a point approximately 70 feet north of Forest avenue and certain written protests filed with the clerk of this board within said 30 days have been presented to the board by the clerk, and this board has investigated the frontage represented by said protests.

"Now, therefore, this board does hereby find that said protests are not signed by the owners of a majority of the frontage of the property fronting on streets or parts of streets within the assessment district for said improvement, as described in

PACIFIC READY CUT HOMES

OFFICE, 413 EAST BROADWAY

SPECIAL!

Three rooms and bath, breakfast nook, ready to live in, on your lot. Gas, all plumbing in and connected with cesspool, cement foundation, hot and cold water, only $1271.00.

Four room, dandy cottage, large living room, 2 bedrooms, bath, cement foundation, nice front porch, all plastered, only $1850.00.

Five room modern home, bath, breakfast nook, tinted or papered to suit, beam ceilings, white enamel finish, cabinet kitchen, best guaranteed plumbing, only $2750.00.

We sell only for cash but this branch can assist you with terms.

FIVE REASONS

WHY YOU SHOULD BUY PACIFIC READY CUT HOMES

First—Immense buying power: We purchase over thirty-five million feet of lumber per year and in that way can select better lumber and save an immense amount of money on the cost. We ship it by boat direct from the northern lumber field.

Second—Machine cutting: Obviously machine labor is quicker and more accurate than slow hand labor on the job. Twenty to forty per cent in the labor cost alone is saved by our methods of building.

Third—Selling direct at wholesale: The elimination of the retail lumber yard represents a tremendous saving for every home builder. The average bill of lumber goes through many hands—the local dealer, wholesaler, jobber, broker and mill. When the customer buys from us he pays only two profits—to ourselves and to the mill.

Fourth—Quantity sales with small profit. At a capacity of twenty houses a day we can of course sell cheaper than the small concerns.

Fifth—Expert architectural service: With each plan we furnish complete blue prints. Each plan in the catalog has been built and is the result of many years of study to work out a plan which will contain no waste floor space and an elevation which will be pleasing and in keeping with the latest ideas.

Minutes Of Trustees

(Continued from Page 11)

said ordinance and Thursday, May 12, 1921, at 8 o'clock p. m. is hereby fixed as the time for hearing said protests, and the city clerk is hereby directed to publish notice of the time of such hearing for five days in the Glendale Evening News, a daily newspaper of general circulation published and circulated in the city of Glendale, which is hereby designated for that purpose."

Adjourned Meeting

A motion of Trustee Lapham was adopted that when the board adjourned that it was to meet at 7 o'clock p. m., Monday, May 2, 1921.

Demands

The demands were presented and referred to the finance committee and on Motion of Trustee Robinson warrants were ordered to be issued in payment of the same.

Improve Dayton Court

The city manager recommended the acceptance of the bid of Peter L. Ferry for the improvement of Dayton Court, as bid being the lowest submitted, the amount being $2,838.88. On motion of Trustee Henry resolution was adopted on roll call, all voting aye, as Resolution No. 1184, awarding the work of improving Dayton Court in accordance with Resolution No. 1157 to Peter L. Ferry.

Application of D. G. Cornalino

The city manager reported in regard to application of D. G. Cornalino for permit to establish a filling station at 1051 North San Fernando road, recommending that the same be granted. On motion it was so ordered.

Automobiles Wanted

The city manager reported that owing to the increase of business in the division of building inspection, it will be necessary to provide an additional automobile for the work; and also that an additional truck is required for street repair work. He further recommended that the city clerk be authorized to advertise for proposal to furnish the city of Glendale one two-passenger automobile and one one-ton truck; bids to be received up to 8 p. m. May 12, 1921. On motion it was so ordered.

Gopher Killing Campaign

The city manager recommended that a gopher killing campaign be inaugurated and requested authority to call a meeting for Monday evening, May 2, at which time the city forester will discuss with those present, ways and means of destroying gophers. Recommendation was adopted and it was so ordered.

Lot Cleaning Campaign

The city manager recommended that the street superintendent be authorized to present to the board legal description of lots from which weeds should be removed; action taken under provision of ordinance No. 380. On motion of Trustee Robinson the recommendation was approved and it was so ordered.

Pumping Plant Plans

A communication was read from Engineer H. B. Lynch recommending that the pumping plant to be erected on Vine avenue near Tenth street be located about 400 feet south of the point designated from the plans for the same. This change will require the addition of about 400 feet of eight-inch riveted pipe at the cost of about $500. On motion, recommendation of the engineer of the public service department was approved by roll call vote.

Map of Tract No. 4203

The city engineer presented a map of Tract No. 4203 recommending its adoption and on motion same was adopted by Resolution No. 1185.

Improve Milford Street

Petitions presented signed by H. P. Siberell and ten other property owners requesting that the board take necessary proceedings for the improvement of Milford street between Brand boulevard and Central avenue. Referred to the city engineer.

Auditor to be Employed

A motion of Trustee Lapham was adopted, all voting aye, that the city manager be instructed to employ H. Ivor Thomas to audit the books of the city provided his charges are satisfactory.

New Flag in Tropico District

On motion of Trustee Lapham the city manager was instructed to replace the flag on the fire station in the Tropico district, all voting aye.

Request of Guy & Campenella

The city attorney presented a letter from Attorney Clyde Woodworth referring to the proposition of Guy & Campenella to furnish the necessary cement pipe to carry storm waters from the present drain under the railroad tracks to a point about 300 feet down the wash if the city of Glendale would perform the necessary labor to install the same. No action.

Garbage Contract

The city attorney was instructed to draw up a new contract between the city and Mr. Orndorff by which the latter is to be paid $1.50 per ton for taking care of the garbage. It was further ordered that all the bids for handling of garbage be rejected.

On motion of Trustee Lapham, the city attorney was requested to furnish an opinion as to the effect upon territory in the Glendale city school district outside of the city of Glendale by the adoption of the charter.

Adjourned.

WEAR WHAT YOU PLEASE

No restrictions on bathing suits at Venice. That's the announcement of Mayor Coles. Now that means everybody will be decent, for they have nothing to be indecent about. And anyone can wear what they please, just so they wear it, without lese majeste.

HALF MILLION LOSS BY FIRE

Fire practically wiped out the Golden State Woolen Mills in the harbor district at Long Beach, causing damage estimated at close to $500,000.

An overheated dryer is believed to have been responsible. Three hundred employes of the night shift aided firemen in fighting the flames. About sixty per cent of the loss is covered by insurance, according to B. R. Wilbure, general manager and secretary.

A man's heart beats 72 times to the minute, 38,000,000 times a year.

REFUSES MILLION DOLLARS

It'll take more than a million dollars to lure Charlie Chaplin from the movies.

He has turned down an offer, it was announced in Los Angeles, of a salary of $20,000 a week as star and director of a theatrical company. A group of English financiers made the offer.

"Tempting—almost overwhelming," said Chaplin, "but I couldn't accept."

In addition to the staggering salary, Chaplin would have received a bonus of $250,000 if he accepted, it is said.

PUBLIC INSPECTION OF PHONE PLANT EDUCATIONAL

MUCH INTEREST IS DISPLAYED BY VISITORS; PAYROLL IS LOCAL BUSINESS AID

(Continued from Page One)

pervision of a coach, who assists by giving suggestions and tests her work. It takes at least four to six months to develop a novice into a good telephone operator.

Each section of eight operators is in charge of a supervisor, who is next in authority to the chief operator, who has general charge of the entire force of young ladies, which includes more than thirty operators.

For Comfort of Girls

A couch and easy chairs are accessible to the girls in a room adjoining the operating room on the third floor. The large rest room is on the first floor next to the main office.

The furnishings of this room even includes a small gas plate where the young ladies may make a cup of tea or warm their lunch, and a cupboard with all necessary cooking utensils for the convenience of the girls. Adjoining the rest room is the cloak room and lavatory, both large and light.

The large three-story brick building is fireproof. The entire plant is furnished with up-to-date equipment.

The local telephone plant has about fifty employees and the monthly payroll is around $6000. It is one of the substantial institutions of Glendale, its employees reside here, spend their money with the local merchants and all are boosters for greater Glendale.

One of the most interesting facts brought out in connection with a visit to the telephone plant is the fact that figures show how the toll charge for Los Angeles calls has worked out to the benefit of Glendale generally, especially the business houses.

Business Men Here Benefit

Before there was a toll charge, the records show there were close to 2000 calls to Los Angeles. After the toll charge was put into effect the calls fell to less than half that number. A careful check shows that most of the decrease was on the part of housewives who called up Los Angeles business firms. Now they trade at home and so help to further build up Glendale, it is pointed out.

Telephone officials point out that the Glendale business man who has to pay tolls makes it up many times over by the increase in his business.

Incidentally, the telephone company keeps three checks on the tolls. One is to keep the date, one to keep the time consumed and the other the charges. Very few mistakes can be made by the telephone operator, for there is always a supervisor to check up on each operation and so carefully is the system worked out that very few errors are permitted to creep in.

Admits They Are Human

"But we're human," said Fred Deal, local manager, "and it is always possible that even with our elaborate system to avoid mistake we will make one. Therefore, we are always willing to listen to complaints and to make a complete investigation. If we are wrong, we will cherfully admit the fact."

Manager Deal and his assistants greeted the visitors courteously and answered all questions—serious and foolish ones—and the "visiting day" was declared to be a success in every detail.

Harding is the first member of the United States senate to occupy the presidential chair.

High School Pupils To Attend Tabernacle

(Continued From Page One)

ate. We must do our turn best backed up by the Holy Spirit. The reesponsibility is God's. He is here this evening, and through the spirit is going to speak to hearts this night. Novelties may attract for a time in church meetings, but nothing draws and continues to draw like the presence of the Holy Spirit, and the channel through which He works is the hearts and lives of redeemed men and women—through His holy church; for with all its imperfections the church is the hope of the world. Oh, how I love its sanctuaries; something ails the man that does not love to attend divine service. You cannot hide behind that time-worn expresson that you 'are waiting to come into the church when it gets perfect.'

Dangers of Waiting

"Let me tell you that if you wait until then you will get into hell instead of the church and, furthermore, if the church did get absolutely perfect it would not stay so after you came into it. You say that you are disgusted with the church; so have I at times, and I have also been very much disgusted with myself at other times. But the church is God's plan to save the world, and my advice to you is to get right before God and go to work in his church. My visit to Glendale would not be in vain if I could bring to light these religious bushwhackers, these people from Arkansas, Oklahoma, Texas, Iowa, Kansas, Nebraska, and the Lord knows from where else who have come out here to California—active church members back home, but loafing on the job out here. And let him that heareth say come. Oh, may the burden of the success of this meeting rest upon the shoulders of each one.

"When I settle down and become pastor of a church the first thing I will do is to appoint a committee on handshaking. The old-fashioned Arkansas glad-to-see-you-God-bless-you hand-shake. The kind that carries your heart along with it. We overlook the value of a hearty hand shake. Not the kind that makes you think you have hold of a deat catfish. If you go to church and know no one, then do not wait for the other fellow, but start right in. That's the way John Brown of Arkansas does.

Need of More Prayer

"We need more prayer. Real talking with God. Prayers that are redeemed at their face value in honest endeavor. You cannot all preach, but you can do individual work—can invite your friends and neighbors to come to the tabernacle—to come to Christ. If the Christians of Glendale would but do this we would get the victory. There is an unwritten law among physicians that any one who discovers a way to prolong life—no matter how small—is bound to give the world the benefit of it without money or without price. How much greater an obligation rests on us in bringing to the attention of our friends and acquaintances the rich provision of grace to cure every sin-sick soul. Shall we do it? And let me tell you that if we do not we are in danger of dying ourselves. On the other hand the more we tell it the more we will have to tell.

"It is appalling—this indifference, not on the outside, but on the inside of the church. It is no disgrace for church members to come to the inquiry room. The disgrace is to need to go and not go. Let me summarize my text:

"Whosoever means everyone.

"Wills, that is your part.

"May take, that is God's part.

"Do not say, 'I want to, I hope to, I expect to,' but 'I will.' God is ready. Christ has invited; the fountain is open; the spirit is calling, and there is not power enough in hell to stop you if you but will. Come! Who are thirsty? Who wants to get to the fountain?"

A large number responded to this gracious invitation.

C. CASWELL, Prop.

SUN SIZZLES, FIRES FLARE, PEOPLE IN PERSPIRATION

IT'S HOT, BY HECK! ANYTHING WET GOES BIG; ICEMAN IS EVERYBODY'S FRIEND

(Continued from Page One)
noon. At 461 West Lexington Drive weeds in an adjoining lot threatened the destruction of a home.

One woman on Mountain street called the fire station and when informed that all three of the fire engines were out, she said:

"Oh, never mind. That's all right. We can wait."

City Manager T. W. Watson dispatched a policeman to take charge of volunteers fighting another big bonfire.

And that wasn't all on a warm day.

Yours truly, Full A. Steam, endeavored to find a cool spot.

There are several.

One is in the Tropico foothills in the vicinity of Green and Hill streets off of Palmer avenue. There was found a herd of cows, peaceful and contented along the Sycamore canyon wash, in the pleasant ravine where eucalyptus trees cast cooling shadows.

A shower bath is being installed at the Astra studio and "Chuck" Riesner, Jimmie Adams, et al., were found gulping gallons of lemonade. And that wasn't bad, although Albert Austin said it migh pucker Jimmie's lips so much he couldn't shoot a "kissing scene."

Over on the San Fernando Road a rancher's wife was piloting the family flivver with one hand, mopping the perspiration from her unbonneted brow with the other and rushing out toward the valley with the biggest ice box she could find in Los Angeles.

At Henry-Brown Company's Sierra Club bottling works, the temperature was reduced several degrees by their icing system, but the workmen were sweating to get out the "rush" orders that poured in by the carload.

Hottest Place in Town

This afternoon the boys of the Intermediate school are going to Brookside park in Pasadena for a plunge, but they're packed like sardines on the big trucks for all wanted to get cooled off.

About the hottest place in town is the kilns at the Tropico potteries where the ovens' blasts cause the workmen to contemplate the early celebration of Fourth of July.

As a precautionary measure, the Glendale Creamery company, of which Smith McMullin is manager, has had its fields plowed to eliminate the fire danger. Not such a bad idea for others to follow if they would save the firemen work.

In the foothills it is both fair and warmer, depending on the breeze which blows in from the ocean over the Hollywood foothills during the day.

Altogether, it is quite delightful weather provided:

You drink enough, bathe quite often and watch your diet.

Fight To Rid City Of Gophers Started

(Continued from Page One)
These trees cannot be valued at less than $1.25 each, from which it can be seen that the annual loss to the city in this regard is a considerable sum. A concerted effort to destroy gophers on the part of citizens cooperating with the forestry department would result in lessening the damage both to public and private property from this source.

"To that end we would respectfully request authorization to call a meeting for Monday evening, May 2, at which the city forester will discuss with those present ways and means of destroying gophers. We estimate the cost of advertising this meeting not to exceed $25."

Another Suggestion

A property owner, who wishes to be known only as F. T. D. and who resides at 435 Oak street, aroused by the invasion of gophers, is responsible for the following:

I see by the papers
That Paris is overrun
With rats.
Just like Glendale is
Run-over with gophers.

I have tried numerous and
Divers ways of
Reasoning with them,
But to no avail.

Could we not pay a bonus
of, say, 5 cents a head,
To get the kiddies interested
In ridding Glendale
Of its only evil?

Might not their school teachers
Explain to them the destruction
Wrought by these rodents,
And also how we might
Get rid of them?

I take this means
Of starting a crusade
Against the evil of Glendale,
As they have just ruined
My perfectly brand new
Twenty-five-dollar lawn,
Not to mention several
Rose bushes, poinsettas, etc.
